INTRODUCTION

For seven seasons and more than 130 episodes, *Star Wars: The Clone Wars* told the story of a war that ravaged the galaxy, pitting the Jedi Knights and the brave clones of the Grand Army of the Republic against billions of Separatist battle droids controlled by shadowy Sith villains.

That story gave us heroes to cheer, such as Anakin Skywalker, Captain Rex, and Ahsoka Tano. It gave us villains to fear, such as Darth Sidious, Count Dooku, and General Grievous. And it introduced us to characters caught in the middle and trying to survive, such as the charming pirate Hondo Ohnaka, the noble Duchess Satine Kryze, and the Nightsister Asajj Ventress.

We came to know not just these major characters, but hundreds of others—clone troopers, bounty hunters, pirates, politicians, droids, and ordinary citizens. Even those whose appearances were brief got a chance to shine thanks to Dave Filoni, George Lucas, and a team of talented writers, directors, and animators, with a single line of dialogue or a mere glimpse of an interesting costume suggesting rich lives filled with fascinating stories.

Star Wars: The Clone Wars: Character Encyclopedia Join the Battle! is an exploration of more than 350 of these characters, offering information about their homeworlds and abilities, backgrounds and fates. Entries in this book are organized according to the faction a character belongs to. The dating system used in the timelines indicates how many years before *Star Wars: A New Hope* an event occurs in the galaxy, denoted by BSW4.

This book is also a celebration of the show that introduced these characters to us and brought us thrilling new chapters in the ever-expanding saga of a galaxy far, far away....

YODA

JEDI GRANDMASTER

Yoda leads the Jedi Order, and has trained apprentices for centuries. With the Republic in danger, he agrees that the Jedi will become generals, leading the new clone army into battle. But he fears that abandoning their role as peacekeepers will cause the Jedi to lose their way and endanger the Order's future.

**"IN THIS WAR, A
DANGER THERE IS,
OF LOSING WHO
WE ARE."**

— Yoda

CARING FOR THE CHOSEN ONE

Yoda reluctantly allowed Anakin Skywalker to train as a Jedi, agreeing he had enormous potential but fearing his emotional attachments made him vulnerable to the dark side of the Force. Anakin becomes a powerful Jedi, but Yoda remains concerned. During the Battle of Christophsis, he makes the surprising decision to assign Ahsoka Tano to Anakin as a Padawan, ignoring Skywalker's protests that a student will just slow him down. Yoda's hope is that learning to manage his relationship with Ahsoka will teach Anakin better control of his other, more dangerous emotions.

THE SHROUD OF THE DARK SIDE

Yoda values life, insisting that the Jedi treat the clones in their armies as individuals and not disposable soldiers born for war. But his worries grow as he learns it was the Sith who secretly created the clones and set the war in motion.

The dark side shrouds Yoda's sense of the Force, but he begins to fear the war will not be won, and the Jedi will prove unable to escape the trap set by their Sith enemies.

THE DEAD SPEAK

In the last year of the war, Yoda hears the voice of Jedi Master Qui-Gon Jinn, who has somehow maintained his identity after death. Guided by Qui-Gon and accompanied by R2-D2, Yoda begins a quest that takes him to various locations across the galaxy. Through many tests and trials, Yoda gains surprising new knowledge of the Force. After the fall of the Jedi and the Republic, Yoda goes into exile on the planet of Dagobah. He learns to preserve his spirit as Qui-Gon has, meditating on the Force's mysteries.

MACE WINDU

PROTECTOR OF THE REPUBLIC

Resolute and serious, Mace Windu is known for his lightsaber skills and his weapon's rare amethyst blade. Windu trusts few outside of the Jedi Order. He comes to view the Galactic Senate as weak and corrupt, damaged by Separatist plotters whose goal is to destroy both the Republic and the Jedi.

DEFENDER OF THE ORDER

Windu sees the Jedi as defenders of the galaxy's ordinary citizens against evildoers, a role he believes the Senate is too flawed to play. His highest loyalty is to the Jedi Order, and he will do anything to defend it against enemies, be they from the outside world or rebellious Jedi within its ranks. Windu has little tolerance for

Jedi who disobey the Order's Council or question its masters, as Anakin Skywalker and Ahsoka Tano discover.

Windu can be a skilled diplomat when the situation requires it. He persuades Senator Orn Free Taa and the Twi'lek guerrilla leader Cham Syndulla to put aside their suspicions and work together to help the Republic retake the planet Ryloth. Windu then leads the assault on Ryloth's capital, Lessu, and personally captures Wat Tambor, the warlord who looted the planet during the Separatist occupation.

FACING A GROWING PERIL

As the Clone Wars intensify, Windu pushes the Jedi to take actions once considered unthinkable. He approves sending Jedi Master Quinlan Vos to eliminate Count Dooku and agrees the Order should keep silent about its discovery that the Sith created the clone army. In the wars' last days, he calls for the arrest of Supreme Chancellor Palpatine if he refuses to surrender his wartime powers, and taking over the Senate. This leads to an epic confrontation with Palpatine that the great Jedi will not survive.

ANAKIN SKYWALKER

THE CHOSEN ONE

Anakin Skywalker is the greatest hero of the Jedi Order. He is a bold commander in the Clone Wars, a peerless warrior with a lightsaber, and an amazing pilot. He has astonishing abilities with the Force, but also struggles with his emotions and with the secrets he keeps from the Jedi and his closest friends.

**“YOU ARE THE
CHOSEN ONE...
BUT BEWARE
YOUR HEART.”**

– The Father

AN ANCIENT PROPHECY

Jedi Master Qui-Gon Jinn considered Anakin the Chosen One of Jedi prophecy, fated to bring balance to the Force. But the Jedi disagree on what that prophecy means. Some fear Anakin's intense emotions and powers make him dangerous. In the strange Force realm of Mortis, Anakin experiences a chilling vision of the future, and what his destiny will mean for the galaxy. He is made to forget this horrifying sight by a powerful being known as The Father.

A SECRET MARRIAGE

Anakin's greatest secret is his marriage to Padmé Amidala, which, if discovered, would cause him to be thrown out of the Jedi Order. When his duties allow it, Anakin slips away from the Jedi Temple and the Clone Wars for a few precious hours with his wife. But Anakin's devotion to Padmé leaves him vulnerable to the anger and fear he struggles to control, and those are risky emotions for a Jedi.

ANAKIN'S ATTACHMENTS

Anakin is devoted to those he loves and often disregards Jedi orders and military procedures to rush off and help them. His circle of devotion includes his wife Padmé, his former master Obi-Wan Kenobi, Captain Rex, the loyal astromech R2-D2, and his Padawan Ahsoka Tano.

While Anakin is a good and loyal friend, such attachments are discouraged by the Jedi, for fear that they will cloud a Force user's judgment.

Yoda opposed training Anakin as a Jedi because of his attachment to his mother, who he had to leave behind on Tatooine, and has watched him with great concern during his years training under Obi-Wan. He assigns Ahsoka to become Anakin's Padawan in the hope that learning to part with a student will also teach Anakin to let go of other attachments. But master and Padawan soon form a powerful bond.

OBI-WAN KENOBI

JEDI NEGOTIATOR

Obi-Wan Kenobi trained Anakin Skywalker, and master and former Padawan have become close friends. Though skilled with a lightsaber, Obi-Wan views war as a last resort, preferring to find a peaceful solution. He is one of the Jedi's most valuable negotiators, undertaking many diplomatic missions for the Republic.

AN IDEAL JEDI KNIGHT

Obi-Wan Kenobi has experience with difficult people: his own master, Qui-Gon Jinn, was a maverick who often quarreled with the Jedi Council, and Anakin was a reckless and

disobedient Padawan. Obi-Wan makes his way through the galaxy with humor and patience, ready with a joke and a smile for Quinlan Vos, Captain Rex, Hondo Ohnaka, and the many others he meets on far-flung planets that become battlefields in the Clone Wars.

Obi-Wan finds particular amusement in watching Anakin struggle to teach his Padawan, Ahsoka Tano, who proves just as rash and difficult as Anakin was. Obi-Wan's former student is now learning the frustrations of being a teacher.

THE SHADOW OF THE PAST

When troubles arise on the neutral planet Mandalore, Obi-Wan's past catches up with him. As a Padawan, he and Duchess Satine Kryze fell in love, and Obi-Wan considered leaving the Jedi Order for her. When Maul kills Satine and seizes control of Mandalore, Obi-Wan struggles not to give in to sorrow and fury, knowing they can lead to the dark side.

AHSOKA TANO

A PADAWAN AT WAR

Ahsoka Tano is just 14 when she becomes Anakin Skywalker's Padawan. Brash at first, she matures quickly, bonding with Anakin and earning respect from the clones under her command. But she begins to doubt her place in the Jedi Order and leaves the Jedi path to pursue her own destiny.

WHEN "SNIPS" MET "SKYGUY"

Anakin and Ahsoka's relationship doesn't get off to a great start: he doesn't want a Padawan, particularly not one who is inexperienced and argues with him. But Anakin soon comes to

respect Ahsoka's bravery and determination and recognizes she's just as reckless as he is. Over the next three years they become close and learn to depend on each other, with Anakin teaching Ahsoka the hard lessons of war.

A NEW PATH

As the Clone Wars draw to a close, Ahsoka's relationship with the Order is shattered by the actions of another Jedi. Ahsoka is accused of bombing the Jedi Temple and expelled from the Order to face a Republic military trial. Her friend Barriss Offee is quickly revealed as the real traitor, but Ahsoka turns down the offer to rejoin the Order, seeking a new life in Coruscant's underlevels. She falls in with the Martez sisters, who teach her the tough realities of life far from the Jedi Temple.

Ahsoka later agrees to help Bo-Katan Kryze's Nite Owl commandos retake their planet Mandalore from former Sith Lord Maul. She contacts Anakin and helps arrange a deal: the Republic will help Bo-Katan if she turns Maul over to them. Reunited with Rex and his clones,

SPECIES: Togruta

HEIGHT: 1.87 m (6 ft 2 in)

ALLEGIANCE: Jedi Order

HOMEWORLD: Shili

ABILITIES: Force sensitivity, lightsaber combat, leadership, combat instruction, diplomacy

Jedi Council member Shaak Ti is sent to the planet Kamino at the start of the war to supervise the clone program. She proves sympathetic and caring, treating clone cadets like individuals instead of seeing them as organic products, as Kaminoan scientists do. Shaak Ti helps coordinate the planet's defenses when Separatist forces mount an invasion.

"UNITY WINS WAR, GENTLEMEN."

— Shaak Ti

A MALFUNCTIONING CLONE

The clone trooper Tup is sent to Kamino after killing his Jedi general, leading to the discovery of a tumor in his brain. Shaak Ti is puzzled when another clone, Fives, claims Tup's tumor is a malfunctioning inhibitor chip, similar to one in every clone's brain. The incident raises disturbing questions about the Kaminoans and the army they have created.

QUI-GON JINN

A VOICE FROM THE BEYOND

SPECIES: Human
HEIGHT: 1.93 m (6 ft 4 in)
ALLEGIANCE: Jedi Order
HOMEWORLD: Coruscant

ABILITIES: Force sensitivity, lightsaber combat, Jedi mysticism, teaching, diplomacy

Jedi Master Qui-Gon Jinn trained Obi-Wan Kenobi and discovered Anakin Skywalker, whom he believed was the Chosen One from Jedi prophecy. Qui-Gon died on Naboo but had learned to retain his identity after death through the Force. Years later, his spirit speaks to his old friends, revealing startling secrets about the Force.

THE WILL OF THE FORCE

Qui-Gon appears to Obi-Wan and Anakin on Mortis, warning of the dangers the strange realm poses to Anakin. Later, he summons Yoda to the planet Dagobah. Yoda passes a series of mystical tests and is allowed to learn how to preserve his own identity after death, with Qui-Gon as his teacher.

BARRISS OFFEE

SPECIES: Mirialan	ABILITIES: Force sensitivity,
HEIGHT: 1.66 m (5 ft 5 in)	lightsaber combat, able to
ALLEGIANCE: Jedi Order	memorize complex patterns
HOMEWORLD: Mirial	and data

Barriss Offee is Luminara Unduli's model student. She is a loyal, quiet Padawan who strikes up an unlikely friendship with the brash Ahsoka Tano on a challenging mission during the Second Battle of Geonosis.

But as the Clone Wars grind on, Barriss loses her faith in the Jedi, concluding that they are the true villains of the conflict. Barriss conspires with terrorist Letta Turmond to bomb the Jedi Temple and then frames Ahsoka for the crime. Brought to justice by Anakin Skywalker, Barriss defiantly admits her actions, accusing the Order of having abandoned its values.

LUMINARA UNDULI

SPECIES: Mirialan	ABILITIES: Force sensitivity,
HEIGHT: 1.76 m (5 ft 9 in)	lightsaber combat,
ALLEGIANCE: Jedi Order	mind-probing, diplomacy,
HOMEWORLD: Mirial	extreme physical flexibility

A respected Jedi Master known for her firm ways, Luminara Unduli believes Padawans should be well prepared for missions and not reckless. She sees her own apprentice, Barriss Offee, as the perfect example. Luminara's rigid views sometimes cause her to underestimate opponents.

Early in the war, Luminara and Ahsoka Tano transport criminal Nute Gunray to Coruscant. When Dooku's apprentice Asajj Ventress attacks, Luminara ignores Ahsoka's warnings about Ventress, doubting a wild and untrained Force-user can be a threat to her. Luminara soon learns she has made a costly mistake.

KIT FISTO

SPECIES: Nautolan

HEIGHT: 1.96 m (6 ft 5 in)

ALLEGIANCE: Jedi Order

HOMEWORLD: Glee Anselm

ABILITIES: Force sensitivity, lightsaber combat, acute senses, pheromone sensitivity, expert pilot

Jedi Master Kit Fisto can breathe in both air and water, and proves a fierce fighter in ground battles and in undersea combat. He is known among the Jedi for his easygoing ways and his ready smile, which he sometimes flashes in the midst of a grueling battle.

On the moon Vassek 3, Kit learns a hard lesson about the dangers the war poses to the Jedi. His former Padawan, Nahdar Vebb, discovers General Grievous' lair and is eager to capture him. Kit urges caution, but Nahdar ignores the warning, falling victim to the Separatist commander's lightsabers.

PLO KOON

SPECIES: Kel Dor

HEIGHT: 1.88 m (6 ft 2 in)

ALLEGIANCE: Jedi Order

HOMEWORLD: Dorin

ABILITIES: Force sensitivity, lightsaber combat, resistance in vacuum, expert pilot

Plo Koon is a stern Jedi with a firm sense of right and wrong. But he also cares deeply for the clone troopers in his squad, named the Wolfpack, risking his own life in battle to save theirs.

Near the end of the Clone Wars, the Jedi detect a distress signal from a moon of Oba Diah. Plo Koon and his troopers investigate and find a wrecked shuttle assigned to Sifo-Dyas—the long-dead Jedi Master who secretly ordered the creation of the clone army. Plo Koon's find leads to troubling questions about the clones and their purpose.

AAYLA SECURA

Aayla Secura is an agile Jedi hailed as one of the Order's most skilled fighters. While marooned on the planet Maridun, she draws on her time as a Padawan to help Ahsoka Tano learn to control her emotions and overcome her attachment to her master. Aayla dies on Felucia, cut down by her troops during Order 66.

ALLEGIANCE: Jedi Order

HOMEWORLD: Cosia

ABILITIES: Force sensitivity, lightsaber combat, Jedi lore, expert on Coruscant underworld, investigation

Tera Sinube is a wise Jedi Master with an unlikely interest in Coruscant's criminal underworld. Sinube's specialty proves very useful to Ahsoka Tano after a criminal steals her lightsaber. Sinube helps her track down the missing Jedi weapon. He also teaches Ahsoka a valuable lesson: it's far better to take your time and figure out the right plan than to move quickly and wind up taking the wrong approach.

EETH KOTH

SPECIES: Zabrak

HEIGHT: 1.87 m (6 ft 2 in)

ALLEGIANCE: Jedi Order

HOMEWORLD: Iridonia

ABILITIES: Force sensitivity, lightsaber combat, armed and unarmed combat, exceptional agility

Eeth Koth is a member of the Jedi Council who is renowned as one of its finest lightsaber duelists. He is captured by General Grievous at Saleucami, but manages to reveal his location to the Jedi by using secret hand signals and is soon rescued. HEIGHT: 1.3 m (4 ft 3 in)
ALLEGIANCE: Jedi Order
HOMEWORLD: Tholoth

ABILITIES: Force sensitivity,
lightsaber combat, strong
leadership

Katooni is a Force-sensitive youngling, learning the ways of the Force on Coruscant, and helping the other members of her clan in the ritual known as the Gathering. The young Tholothian is a natural leader but must learn to trust in her growing skills and her sense of the Force. These abilities prove crucial in dealing with pirates and Separatists.

PETRO

SPECIES: Human
HEIGHT: 1.26 m (4 ft 2 in)
ALLEGIANCE: Jedi Order
HOMEWORLD: Corellia

ABILITIES: Force sensitivity,
lightsaber combat

Petro dreams of proving himself as a great Jedi warrior, and his competitive streak often annoys his fellow younglings in his clan. After claiming his kyber crystal, Petro speedily builds his lightsaber but assembles it incorrectly, causing Professor Huyang to lecture him about the importance of following directions during Jedi traditions.

ZATT

SPECIES: Nautolan
HEIGHT: 1.21 m (4 ft)
ALLEGIANCE: Jedi Order
HOMEWORLD: Glee Anselm

ABILITIES: Force sensitivity,
lightsaber combat

Zatt is a brainy Nautolan youngling who undergoes the rite of passage of the Gathering on Ilum as part of his Jedi training. Zatt loves tinkering with technology but must learn that science can't answer all of his problems. Sometimes a Jedi must also rely on faith in the Force and let it guide one's actions.

GANODI

SPECIES: Rodian
HEIGHT: 1.19 m (3 ft 11 in)
ALLEGIANCE: Jedi Order

HOMEWORLD: Rodia
ABILITIES: Force sensitivity,
lightsaber combat

Ganodi is a member of a clan of younglings learning the ways of the Force in Coruscant's Jedi Temple. The promising student struggles with her own doubts. In Ilum's fabled Crystal Cave, Ganodi finds herself surrounded by kyber crystals. She must quiet her mind and let the Force tell her which of the hundreds of crystals is meant for her.

BYPH

Byph is a member of a clan who travels to Ilum for the Jedi trial known as the Gathering. His greatest challenge is to overcome his own fears, which often make situations seem worse than they actually are. Byph passes this test and later proves his worth against General Grievous' droid troops.

The Jedi Temple guard provides security for the Order's Temple on Coruscant, wielding double-bladed lightsaber pikes.

Jedi Knights who join the guard surrender their identities to serve the Order. Their identical masks serve as symbols of this service and their emotional detachment.

PADMÉ AMIDALA

SENATOR WITH A SECRET

Once Naboo's queen, Padmé Amidala now serves her homeworld as senator. While she supports Supreme Chancellor Palpatine, she worries that the war is damaging the Republic and hopes to find a peaceful solution. Padmé must outmaneuver her many enemies while preserving the secret that she is married to Jedi Anakin Skywalker.

AGGRESSIVE NEGOTIATOR

Padmé seeks peace and looks for the good in people, but she isn't naive. She remembers how Naboo suffered under occupation by the Trade Federation. Her first instinct is to solve problems through diplomacy, but should that fail, Padmé is skilled with a blaster and in unarmed combat. She needs these skills during the Clone Wars.

Padmé looks forward to her stolen moments with Anakin, but her duties as a senator and his responsibilities as a Jedi give them little time to be together. She develops a bond with Ahsoka Tano and Obi-Wan Kenobi, but because her marriage must be kept secret, she says little about the frightening moments when her husband is overcome by fear or fury.

LOYAL TO THE REPUBLIC

Padmé supports Palpatine, having helped him become Supreme Chancellor during the Naboo crisis. But she becomes concerned about his growing powers, huge boosts to military spending, and the Republic's increasing control of the banks. Padmé finds allies in fellow senators Bail Organa and Mon Mothma, who encourage her to speak up in the Senate and become a powerful voice for the galaxy's ordinary citizens. Padmé barely outlives the Republic she loves and fights so hard to preserve, but the memory of her inspires her old friends Organa and Mothma to build a rebellion against Palpatine's Empire.

R2-D2

ADVENTUROUS ASTROMECH

Primary sensor eye

Power recharge coupling

MODEL: R-series astromech droid
HEIGHT: 0.96 m (3 ft 2 in)
ALLEGIANCE: Republic
MANUFACTURER: Industrial Automaton

ABILITIES: Starfighter piloting and maintenance, database for general repairs, information access and retrieval

R2-D2 serves Anakin Skywalker as his mechanic and piloting assistant, and has saved his impulsive master from many dangers. He is spunky, loyal, and stubborn, often to the annoyance of his good friend C-3PO. R2's circuits hold classified data, but Anakin refuses to erase his memory, seeing the droid's quirks as part of his personality.

A LITTLE SHORT FOR A COMBAT MODEL

R2-D2 is designed for repairing machinery and not for combat, but that doesn't stop him from wading into fights with Separatist astromechs or even super battle droids. He uses tools ranging from his electro-shock prod to his oil supply and rocket boosters to distract and defeat his opponents.

C-3PO

MASTER OF PROTOCOL

MODEL: 3PO-series

protocol droid

HEIGHT: 1.73 m (5 ft 8 in)

ALLEGIANCE: Republic

MANUFACTURER: Custom-built

ABILITIES: Diplomacy,
languages, knowledge of
cultures and traditions

C-3PO is a golden droid programmed for etiquette and protocol, and fluent in more than six million forms of communication. He serves Padmé Amidala, but his mistress gets in a remarkable amount of trouble for a senator, forcing C-3PO to deal with many unpleasant and even dangerous situations.

"ARTOO, BE QUIET. THIS SITUATION CALLS FOR MY MOST DELICATE DIPLOMATIC SKILLS."

— C-3PO

UNLIKELY PARTNERSHIP

C-3PO was built by Anakin Skywalker from scavenged parts and later given to Padmé as a wedding gift. He often travels with R2-D2, whom C-3PO considers a good friend—despite R2's frustrating habit of being brave when any sensible droid would know to stay out of trouble.

Bail Organa represents Alderaan in the Galactic Senate and is known for both his eloquent speeches and his skill in debates. He supports Supreme Chancellor Palpatine. However, he increasingly worries that the war is damaging the Republic and the foundations of its democracy.

**"HE CARRIES A GREAT WEIGHT.
HE'S SEEN AS A VOICE OF REASON."**

– Padmé Amidala

GATHERING ALLIES

Bail is skilled at building alliances and works closely with senators such as Mon Mothma, Onaconda Farr, and Padmé Amidala—who he encourages to become a passionate advocate for peace. He also reaches out to the Jedi Order, befriendng Obi-Wan Kenobi and Yoda.

MON MOTHMA

CONSCIENCE OF THE REPUBLIC

SPECIES: Human

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Chandrila

ABILITIES: Diplomacy,
leadership, Senate knowledge

Senator Mon Mothma of Chandrila is one of the most determined voices for peace and is respected throughout the Republic. She is a close ally of Bail Organa's and becomes a friend and mentor of Padmé Amidala, who she believes is one of the best hopes for preserving the Republic.

WAR BY ANOTHER NAME

Mothma and her Senate allies speak out against military spending, leading to disagreements with pro-military senators led by Kamino's Halle Burtoni. As the Clone Wars drag on, Mothma begins to fear that powerful forces within the Republic are as much a threat to it as the Separatist droid armies.

"WE ARE LOYALISTS, TRYING TO PRESERVE DEMOCRACY IN THE REPUBLIC."

ORN FREE TAA

SPECIES: Twi'lek

HEIGHT: 1.84 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Ryloth

ABILITIES: Political skills,
diplomacy, leadership

Orn Free Taa represents everything wrong with the Republic: he is corrupt, greedy, and more interested in power than in improving the lives of the Twi'leks he represents as Ryloth's senator. But he is a key Loyalist and an ally of Supreme Chancellor Palpatine, who is willing to overlook his many flaws.

When the Separatists invade Ryloth, Mace Windu encourages Taa and the guerrilla leader Cham Syndulla to put aside their differences to help the Republic's forces. Taa agrees that Republic troops will leave Ryloth after its liberation, and Syndulla agrees not to seek political office.

ONACONDA FARR

SPECIES: Rodian

HEIGHT: 1.75 m (5 ft 9 in)

ALLEGIANCE: Republic

HOMEWORLD: Rodia

ABILITIES: Diplomacy,
legislative strategy,
dealmaking

Senator Onaconda Farr of Rodia is an old friend of Padmé Amidala who advised her during her early days in the Senate. With the people of Rodia facing starvation, Farr agrees to hand Padmé over to the Separatists in return for relief supplies. This betrayal haunts Farr, though Padmé forgives her "Uncle Ono."

But others won't let go of the past. Farr works with Padmé and her Loyalist allies to seek peace despite being targeted by thugs and bounty hunters, but he dies after ingesting poison. An investigation reveals the killer is Lolo Purs, Rodia's Senate representative and Farr's supposedly loyal aide.

MAS AMEDDA

SPECIES: Chagrian

HEIGHT: 1.96 m (6 ft 5 in)

ALLEGIANCE: Republic

HOMEWORLD: Champala

ABILITIES: Bureaucracy,
diplomacy, political skills

Mas Amedda is Vice Chairman of the Senate. He presides over the chamber during debates and works behind the scenes to make sure Supreme Chancellor Palpatine's programs are approved—a task to which he brings his skills at making deals, calling in favors, and pressuring reluctant politicians.

Amedda's bullying ways allow Palpatine to look reasonable and kindly, which works to the Chancellor's advantage. The Chagrian is one of the few beings in the galaxy to know Palpatine is actually Darth Sidious. Amedda survives the Clone Wars to serve as Grand Vizier of the Galactic Empire.

JAR JAR BINKS

SPECIES: Gungan

HEIGHT: 1.96 m (6 ft 5 in)

ALLEGIANCE: Republic

HOMEWORLD: Naboo

ABILITIES: Hard to describe

Reluctantly

of bureaucracy

Meena Tills represents Mon Cala in the Republic Senate. She hurries back to her homeworld with Padmé Amidala to offer help after the king's death causes a split between the planet's Quarren and Mon Calamari inhabitants. Tills is caught up in a civil war as Separatist droid armies, led by Riff Tamson, battle Prince Lee-Char and loyal Mon Calamari. She returns to Coruscant after Lee-Char's victory over Tamson's forces.

SIONVER BOLL

SPECIES: Bivall

HEIGHT: 1.73 m (5 ft 8 in)

ALLEGIANCE: Republic

HOMEWORLD: Protobranch

ABILITIES: Scientific knowledge, military research, engineering

Sionver Boll is a brilliant Republic scientist whose lab produces inventions useful in the war. Her prototype electro-proton bomb proves effective against droids on the planet Malastare but also frees a huge Zillo Beast from its lair beneath the ground. Boll studies the beast's scales, which could be useful in creating new clone armor, but objects to Palpatine's suggestion that she kill the creature.

CHEWBACCA

SPECIES: Wookiee

HEIGHT: 2.28 m (7 ft 6 in)

ALLEGIANCE: Wookiees

HOMEWORLD: Kashyyyk

ABILITIES: Starship piloting, armed and unarmed combat, agility, mechanical repairs, survival, strong leadership

Chewbacca is captured by Trandoshans and taken to the moon Wasskah to be hunted, but teams up with Ahsoka Tano to defeat the hunters. The capable warrior, mechanic, and pilot then returns to his homeland, Kashyyyk, where he battles Separatists and assists Yoda in one of the Clone Wars' final battles.

HEIGHT: 1.65 m (5 ft 5 in)
ALLEGIANCE: Republic
HOMEWORLD: Pantora

ABILITIES: Leadership, diplomacy, political knowledge, investigation

Riyo Chuchi is Pantora's young senator. She fails to convince Chairman Cho to seek a peaceful solution with the Talz they find living on Orto Plutonia. After Cho dies in a skirmish with the Talz, Chuchi wisely negotiates an end to hostilities. She later helps free Chi Eekway Papanoida from captivity.

LOLO PURS

Lolo Purs is Rodia's senate representative, assisting Senator Onaconda Farr. After Farr agrees to hand over Padmé Amidala to Trade Federation leader Nute Gunray, Purs concludes Farr has damaged their planet's honor and can no longer be senator. She poisons her mentor, but Padmé figures out who killed Farr. Purs admits her crime and is hauled off to jail.

ALLEGIANCE: Republic
HOMEWORLD: Rodia

ABILITIES: Legislative strategy, political knowledge

LOTT DOD

Miter indicates senatorial rank and status

SPECIES: Neimoidian
HEIGHT: 1.9 m (6 ft 3 in)
ALLEGIANCE: Republic (officially)

HOMEWORLD: Cato Neimoidia
ABILITIES: Influence-peddling, strategy, political knowledge, bureaucracy, manipulation

Lott Dod represents the Trade Federation in the Republic Senate, though his Separatist affiliation is no secret. Dod gleefully uses his knowledge of Senate rules to protect other Separatist allies serving alongside him.

EDCEL BAR GANE

SPECIES: Roonan
HEIGHT: 1.72 m (5 ft 8 in)
ALLEGIANCE: Republic
HOMEWORLD: Roona

ABILITIES: Politics,
legislative knowledge

Edcel Bar Gane is a veteran senator, who helped oust Supreme Chancellor Valorum years before the Clone Wars, and is an outspoken supporter of Palpatine. Bar Gane is hot-tempered and opposes any attempt to seek peace with the Separatists.

DOGE NAKHA URUS

SPECIES: Dug
HEIGHT: 1.12 m (3 ft 8 in)
ALLEGIANCE: Malastare
HOMEWORLD: Malastare

ABILITIES: Leadership,
intimidation

Doge Nakha Urus drives a hard bargain when the Republic seeks access to his world's fuel reserves. He clashes with Mace Windu over the fate of a feared Zillo Beast, eventually letting the Jedi take it to Coruscant.

KHARRUS

SPECIES: Gran
HEIGHT: 1.78 m (5 ft 10 in)
ALLEGIANCE: Republic
HOMEWORLD: Kinyen

ABILITIES: Diplomacy,
politics, legislative knowledge

Senator Kharrus is a veteran diplomat who is familiar with dangerous missions. He is sent to Florrum with a cargo of spice as ransom for Count Dooku, who has been captured by pirates. Unfortunately his transport crashes, and Kharrus dies in the accident.

FINIS VALORUM

SPECIES: Human
HEIGHT: 1.7 m (5 ft 7 in)
ALLEGIANCE: Republic
HOMEWORLD: Coruscant

ABILITIES: Leadership,
bureaucracy, legislative
strategy, politics, diplomacy

Finis Valorum was the Republic's Chancellor before Palpatine. Now retired, he meets Yoda to solve an old mystery: what became of Jedi Master Sifo-Dyas and Valorum's aide Silman? The answer reveals secrets about the origins of the clones.

MEE DEECHI

SPECIES: Umbaran
HEIGHT: 1.93 m (6 ft 4 in)
ALLEGIANCE: Republic
HOMEWORLD: Umbara

ABILITIES: Politics, legislative strategy, deal-making, ultraviolet vision

Mee Deechei represents Umbara in the Senate and is a strong advocate for military spending. He works with like-minded senators, such as Halle Burtoni, to buy more troops and weapons and give the Republic greater control of the war effort.

SILMAN

SPECIES: Human
HEIGHT: 1.8 m (5 ft 11 in)
ALLEGIANCE: Republic
HOMEWORLD: Coruscant

ABILITIES: Legislative strategy, politics, diplomacy, care of invertebrates

Silman served Chancellor Valorum as an aide and nearly died in the shuttle crash that ended Sifo-Dyas' life. Tossed into prison by the Pykes, a criminal syndicate, Silman goes insane in solitary confinement. Count Dooku kills him to keep the Jedi from learning what he knows.

HALLE BURTONI

SPECIES: Kaminoan
HEIGHT: 2.13 m (7 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Political strategy, legislative knowledge, deal-making, diplomacy, leadership

Senator Halle Burtoni represents Kamino, birthplace of the clone army, and does all she can to ensure more clones are produced and credits keep filling Kaminoan coffers. She sees advocates for peace as fools and denounces them in passionate speeches.

KIN ROBB

SPECIES: Human
HEIGHT: 2 m (6 ft 7 in)
ALLEGIANCE: Republic
HOMEWORLD: Taris

ABILITIES: Diplomacy, legislative knowledge, leadership, negotiations

The tall and dignified Senator Kin Robb represents Taris. She is a member of Duchess Satine Kryze's Council of Neutral Systems and allies herself with those seeking a peaceful end to the war, or at least a slowdown in spending on the military and clone production.

SENATE GUARD

SPECIES: Varies

HEIGHT: Varies

ALLEGIANCE: Republic

HOMEWORLD: Varies

ABILITIES: Armed and unarmed combat, security operations

The Senate Guards protect senators and other Republic officials in the galactic capital. Guard membership is considered an honor, and many families have supplied generations of Guards. Service is a proud Coruscanti tradition that dates back centuries.

SENATE COMMANDO

SPECIES: Varies

HEIGHT: Varies

ALLEGIANCE: Republic

HOMEWORLD: Varies

ABILITIES: Armed and unarmed combat, security operations

The bravest members of the Senate Guard are invited to join the group's commando unit, carrying out secret missions on Coruscant and journeying to galactic hot spots to protect key Republic officials.

NIX CARD

SPECIES: Muun

HEIGHT: 2.46 m (8 ft 1 in)

ALLEGIANCE: Banking Clan

HOMEWORLD: Scipio

ABILITIES: Commercial strategy, banking, politics, legislative strategy, dealmaking

The towering Muun Nix Card represents the Banking Clan in the Senate, having stepped in for the disgraced Rush Clovis. Card conspires with Separatist sympathizers in the Senate and Count Dooku to deliver control of the Banking Clan's credits to the shadowy Darth Sidious.

RUSSO-ISC

MODEL: SP-4 ISC crime scene analysis droid

HEIGHT: 1.8 m (5 ft 11 in)

ALLEGIANCE: Jedi Order

MANUFACTURER: Cybot Galactica

ABILITIES: Crime scene analysis, tracking, interrogation, pattern recognition

Russo-ISC is a droid employed by the Jedi Order for specialized work, including analysis of crime scenes. Russo plays a key role in the investigation of the Jedi Temple bombing. He traces the blast to nano-droids and a civilian.

CORUSCANT POLICE DROID

MODEL: GU-series guardian police droid

HEIGHT: 1.8 m (5 ft 11 in)

ALLEGIANCE: Coruscant

MANUFACTURER: SoroSuub Corporation

ABILITIES: Combat, security, interrogation, conflict resolution, speeder piloting

Police droids patrol Coruscant's streets on foot and in speeders, searching for fugitives and keeping the peace. They use batons for most arrests, but have blasters if heavy firepower is needed (as is often the case in the lawless lower levels).

ADMIRAL KILIAN

SPECIES: Human

HEIGHT: 1.72 m (5 ft 8 in)

ALLEGIANCE: Republic

HOMEWORLD: Corellia

ABILITIES: Leadership, diplomacy, military tactics

Admiral Shoon Kilian is commander of the *Endurance* and loyal to his ship, his crew, and the Republic. When young Boba Fett sabotages the *Endurance* over Vanqor, Kilian refuses to abandon his vessel and is taken hostage by Fett and his hunters.

TAN DIVO

SPECIES: Human

HEIGHT: 1.8 m (5 ft 11 in)

ALLEGIANCE: Republic

HOMEWORLD: Coruscant

ABILITIES: Investigations, filling out police reports

Police inspector Tan Divo is called to the Senate Building to solve the death of Senator Onaconda Farr. To his annoyance, he finds plenty of suspects and must deal with interference from nosy Naboo Senator Padmé Amidala.

CORUSCANT UNDERWORLD POLICE

SPECIES: Unknown

HEIGHT: Varies

ALLEGIANCE: Coruscant

HOMEWORLD: Coruscant

ABILITIES: Armed and unarmed combat, tracking, speeder piloting, interrogation, security

The lowest levels of the Coruscant cityscape are extremely dangerous places where arrests are made by the mysterious underworld police. Locals argue about whether these heavily armored figures are droids or living beings. Few have the nerve to get close enough to find out.

AZI-3

Nimble fingers useful for data input

MODEL: AZ-series surgical assistant droid
HEIGHT: 0.9 m (2 ft 11 in)
ALLEGIANCE: Kaminoans

MANUFACTURER: Cybot Galactica
ABILITIES: Surgery, biology, medical science, diagnostics, patient care

AZI-3 is a medical droid who cares for clones in Kamino's Tipoca City production center. He shows great bravery—and a little bit of flexible programming—by helping Fives investigate the inhibitor chips implanted in the clones. This chilling discovery hints at dark secrets about the war. This helpful droid can also transform into a speeder bike.

2-1B-SERIES SURGICAL DROID

MODEL: 2-1B-series surgical droid
HEIGHT: 1.85 m (6 ft 1 in)
ALLEGIANCE: Varies

MANUFACTURER: Industrial Automaton
ABILITIES: Medical science, diagnostics, surgery

2-1B surgical droids serve as doctors throughout the galaxy, and their databases contain information about millions of species. They are designed to interface with shipboard medical scanners, which lets them diagnose injuries remotely, and are programmed to give patients calm reassurance.

R7-A7

MODEL: R-series astromech droid
HEIGHT: 0.96 m (3 ft 2 in)
ALLEGIANCE: Republic
MANUFACTURER: Industrial Automaton

ABILITIES: Starship maintenance, information retrieval, repairs, starfighter piloting

R7-A7 serves as Ahsoka Tano's astromech, flying with her during battles over Ryloth and Umbara. Aboard the *Venator*-class Star Destroyer *Tribunal*, R7-A7 helps her subdue Captain Rex and pushes his programming's limits to remove Rex's inhibitor chip. He soon falls in a firefight with clone troopers.

RG-G1, known as Gee-Gee, serves aboard the *Tribunal*. She joins CH-33P and R7-A7 to help Ahsoka Tano and Captain Rex escape clone troopers obeying Order 66. Gee-Gee keeps the doors to the medical bay sealed while Rex's inhibitor chip is removed.

R6-H5

MODEL: R-series astromech
droid
HEIGHT: 0.96 m (3 ft 2 in)
ALLEGIANCE: Republic
MANUFACTURER:
Industrial Automaton

ABILITIES: Starship
maintenance, information
retrieval, repairs, starfighter
piloting

R6-H5 serves Kit Fisto and often worries about his master, a habit Fisto finds both endearing and a little annoying. During a mission on Vassek 3, R6 nervously alerts Fisto that General Grievous has arrived in his starfighter and is heading in the Jedi's direction.

retrieval, repairs, starfighter
piloting

CH-33P, or Cheep, is an astromech stationed aboard the Star Destroyer *Tribunal* in the final days of the Clone Wars. Cheep and his fellow astromechs help Ahsoka Tano subdue Captain Rex and then join their fight against the clones hunting them throughout the warship.

MEEBUR GASCON

SPECIES: Zilkin
HEIGHT: 0.33 m (1 ft 1 in)
ALLEGIANCE: Republic
HOMEWORLD: Great Zilk

ABILITIES: Military tactics, reconnaissance, infiltration, leadership

Colonel Meebur Gascon is one of the Republic's most determined officers and advises on tactics during the First Battle of Geonosis. He is later tasked with leading D-Squad's droids on a mission to steal a Separatist encryption module. During this dangerous assignment, Gascon rides inside M5-BZ, whose head has been customized to form a command center. Gascon considers himself a brilliant tactician and angrily rejects any suggestion that his record is inflated.

M5-BZ

MODEL: R-series astromech droid
HEIGHT: 1.15 m (3 ft 9 in)
ALLEGIANCE: Jedi Order
MANUFACTURER: Industrial Automaton

ABILITIES: Starship maintenance, information retrieval, repairs, starfighter piloting

M5-BZ serves Jedi Tera Sinube before joining D-Squad for its mission behind enemy lines. His memory banks are removed for the mission to make a space for Meebur Gascon to ride in. M5-BZ later sacrifices himself to save the rest of D-Squad from buzz droids.

QT-KT

MODEL: R-series astromech droid
HEIGHT: 1.09 m (3 ft 7 in)
ALLEGIANCE: Jedi Order
MANUFACTURER: Industrial Automaton

ABILITIES: Starship maintenance, information retrieval, repairs, starfighter piloting, hidden magnetic coil

Magnet can detach and hover independently

QT-KT serves as Jedi Aayla Secura's astromech during the Clone Wars and is loaned out to D-Squad for its infiltration mission. As part of this assignment, QT is upgraded with a powerful magnetic coil built into her dome, which comes in handy on the droids' adventures.

R4-P17

MODEL: R-series
astromech droid
HEIGHT: 0.96 m (3 ft 2 in)
ALLEGIANCE: Jedi Order
MANUFACTURER:
Industrial Automaton

ABILITIES: Starship
maintenance, information
retrieval, repairs, starfighter
piloting

R4-P17 flies with Obi-Wan Kenobi, sporting a scavenged dome from another unit as a replacement head. R4 is a cautious machine, making her a good companion for Obi-Wan. She survives many missions but is torn apart by buzz droids during the Republic mission to rescue the kidnapped Supreme Chancellor Palpatine.

U9-C4

MODEL: R-series
astromech droid
HEIGHT: 1.29 m (4 ft 3 in)
ALLEGIANCE: Jedi Order
MANUFACTURER:
Industrial Automaton

ABILITIES: Starship
maintenance, information
retrieval, repairs, starfighter
piloting

Jedi Master Thongla Jur lends his astromech, U9-C4, to D-Squad for its mission. Doctor Gubacher, a research scientist who works for the Jedi Order, adds a powerful laser cutter to C4's set of tools. The attachment can cut

through anything, but the downside is it packs a powerful recoil.

piloting, infiltration

WAC-47 is a modified pit droid who belongs to Commander Neyo and serves as D-Squad's pilot. He is eager to prove his worth and constantly argues with Meebur Gascon about tactics. An apparent glitch prevents him from repeating military titles accurately.

TECKLA MINNAU

SPECIES: Human

HEIGHT: 1.68 m (5 ft 6 in)

ALLEGIANCE: Republic

HOMEWORLD: Naboo

ABILITIES: Armed and

unarmed combat, infiltration,
security

Teckla Minnau serves Senator Padmé Amidala as a handmaiden and aide. Padmé notes the sacrifices made by Teckla's family in a speech opposing greater military spending. On Scipio, Teckla creates a diversion so Padmé can enter the Banking Clan's vaults. The handmaiden is killed by bounty hunter Embo after completing her mission.

CAPTAIN TYPHO

SPECIES: Human

HEIGHT: 1.85 m (6 ft 1 in)

ALLEGIANCE: Naboo

HOMEWORLD: Naboo

ABILITIES: Armed combat,
military tactics, security,
starfighter piloting

Gregar Typho is Padmé's head of security, guarding Naboo's senator against her many enemies. His already difficult mission is made harder by Padmé's insistence on putting herself in danger to oppose threats to the Republic and their homeworld. Typho works closely with Padmé's handmaidens to ensure her safety.

HOGAN TINMAR

SPECIES: Human

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Naboo

HOMEWORLD: Naboo

ABILITIES: Armed combat,
security, airspeeder piloting

Hogan Tinmar is a sergeant in Naboo's Royal Security Forces. He protects Padmé Amidala early in the Clone Wars, often serving as her speeder driver. Tinmar then returns to his homeworld to join Queen Neeyutnee's security detail that protects against the threat of Separatist saboteurs.

SIO BIBBLE

SPECIES: Human

HEIGHT: 1.79 m (5 ft 10 in)

ALLEGIANCE: Naboo

HOMEWORLD: Naboo

ABILITIES: Governance,
legislative strategy,
diplomacy, leadership,
negotiations

Sio Bibble is Naboo's governor and the head of the planet's Royal Advisory Council. He assisted Padmé Amidala when the Trade Federation invaded Naboo and later offers advice to Queens Réillata, Jamillia, and Neeyutnee. Each monarch relies on Bibble to offer plain talk and not useless flattery.

BOSS LYONIE

SPECIES: Gungan
HEIGHT: 2.22 m (7 ft 3 in)
ALLEGIANCE: Gungans
HOMEWORLD: Naboo

ABILITIES: Leadership, diplomacy, negotiations

Boss Lyonie succeeds Boss Nass as head of the Gungan High Council. He maintains the close relationship between the Gungans and the Naboo forged by Nass and Queen Amidala. Lyonie sends Gungan fighters to help the Mon Calamari but is later hypnotized by Rish Loo, a traitorous advisor who is in league with the Separatists.

GENERAL TARPALS

SPECIES: Gungan
HEIGHT: 2.24 m (7 ft 4 in)
ALLEGIANCE: Gungans
HOMEWORLD: Naboo

ABILITIES: Military tactics, armed and unarmed combat, cavalry operations, leadership

Roos Tarpals led Gungan forces in the fight against the Trade Federation and was promoted from captain to general. After Boss Lyonie is tricked into joining the Separatists, Tarpals and Jar Jar Binks pretend to lead an attack on the city of Theed to capture General Grievous. Tarpals sacrifices his life to ensure Grievous' capture.

QUEEN NEEYUTNEE

SPECIES: Human
HEIGHT: 1.69 m (5 ft 7 in)
ALLEGIANCE: Naboo
HOMEWORLD: Naboo

ABILITIES: Leadership, diplomacy, negotiations, legislative knowledge, armed and unarmed combat

Neeyutnee leads Naboo as its queen during much of the Clone Wars. She works closely with Senator Amidala and Representative Jar Jar Binks, as well as Gungan leaders and her Royal Advisory Council. Naboo is a tempting target for Separatist conquest because it's both Padmé and Supreme Chancellor Palpatine's homeworld.

PEPPI BOW

SPECIES: Gungan
HEIGHT: 2.01 m (6 ft 7 in)
ALLEGIANCE: None
HOMEWORLD: Naboo

ABILITIES: Survival, agility, animal care

Gungan Peppi Bow is a herder who watches over her shaaks in the grassy fields of Naboo. When her animals die of a mysterious illness, Peppi sounds the alarm in Theed, with Padmé Amidala and Jar Jar Binks arriving to offer assistance. Peppi helps trace the infection to a Separatist bio-lab hidden in the Eastern Swamps.

SPECIES: Human
HEIGHT: 1.81 m (5 ft 11 in)
ALLEGIANCE: Republic
HOMEWORLD: Anaxes

ABILITIES: Military tactics,
intelligence expert, blaster
combat, leadership

A veteran officer, Wulf Yularen is impressed by Anakin Skywalker's Force abilities and skill in battle. However, he is irritated by the Jedi's recklessness and frequent habit of ignoring orders. The efficient Yularen believes a warship's crew should follow its leaders' example and wishes Anakin would set a better one.

**"OF ALL THE JEDI, WHY DID I HAVE
TO END UP WITH SKYWALKER?"**

– Admiral Yularen

AN OLD ENEMY

Yularen discovers that the Separatist blockade of the planet Christophsis is led by Admiral Trench, whom he fought previously at the Battle of Malastare Narrows. Yularen briefs Anakin about Trench's tactics and is impressed when Anakin's unconventional strategy breaks the blockade. Anakin tells Yularen they make a good team.

ADMIRAL TARKIN

A NEW BREED OF OFFICER

SPECIES: Human

HEIGHT: 1.85 m (6 ft 1 in)

ALLEGIANCE: Republic

HOMEWORLD: Eriadu

ABILITIES: Military tactics, leadership, maintaining unwavering dedication to his goals

Ambitious Wilhuff Tarkin serves as captain of Jedi Even Piell's flagship during a mission to secure access to the Nexus Route, a secret hyperspace lane. Tarkin lacks faith in the Jedi, arguing that they should be more ruthless in fighting the war and that the Republic must defeat the Separatists at all costs.

WARTIME PROSECUTOR

Tarkin meets Anakin Skywalker when a Jedi strike team frees him and Even Piell from a Separatist prison on the planet Lola Sayu. After Tarkin's promotion to admiral, he prosecutes Ahsoka Tano for her alleged role in the bombing of the Jedi Temple. Neither Tarkin nor Anakin knows they are fated to meet again.

REX

CAPTAIN OF THE 501ST

CC-7567, known as Rex, serves Anakin Skywalker as a captain in the 501st. A gruff, no-nonsense soldier, he values experience over rank and works tirelessly to protect the fellow clones he considers his brothers. As the Clone Wars drag on, Rex comes to see that duty isn't everything and must decide which values are truly worth fighting for.

**"IN MY BOOK,
EXPERIENCE

EVERYTHING."**

– Captain Rex

QUESTIONS OF DESTINY

Rex initially finds Ahsoka Tano brash and immature but comes to respect her determination and appreciate her growth as a leader. His assumptions about duty are shaken by two clones who reject their programming: Slick, who declares that the clones are being used as pawns by the Jedi, and Cut Lawquane, who deserts the army to live as a farmer and father. The clones have been bred to fight, but perhaps there are other options for those brave enough to seize them.

THE CRUCIBLE OF UMBARA

Rex faces a grim test on Umbara, where Jedi General Pong Krell treats his clone troops as disposable, sending them to their deaths. Rex faces a question he's never imagined: is it his duty to obey orders that will only get his brothers killed? The clones outwit Krell and arrest him for treason, but Rex must face a new question: what will happen to the clones when the war ends?

FINDING A NEW PATH

When Chancellor Palpatine issues Order 66, Rex's inhibitor chip compels him to obey and target Ahsoka. But Tano saves him, removing the chip and restoring his free will. Rex and Ahsoka survive the horrors of the Jedi Purge and the rise of the Empire, going their separate ways to seek refuge in the Outer Rim. But their friendship endures, and they will meet again.

CODY

LEADER OF THE 212TH ATTACK BATTALION

CC-2224, known as Cody, is a capable clone commander who leads the 212th Attack Battalion and serves as Obi-Wan Kenobi's second-in-command. He forms a close relationship with his Jedi general, who respects Cody for both his tactical abilities and the leadership he shows under fire.

BROTHERS IN ARMS

Cody is a friend of Captain Rex, who serves Obi-Wan's former Padawan, Anakin Skywalker. The two work together to outthink the traitorous clone Sergeant Slick, lead a unit of rookies against a Separatist attack on the Rishi Moon, and team up to defend their homeworld, Kamino, when it's invaded. Both continue to do their duty even as too many of their clone brothers fall in battle and become casualties of war.

SPECIALIZED EQUIPMENT

Cody's armor displays the orange flares of the 212th. His helmet is enhanced with a visor to reduce glare, and his equipment includes backup communications antennae. Cody also wears a jetpack for aerial maneuvers.

SPECIES: Human (clone)

A BY-THE-BOOK SOLDIER

Cody is bold on the battlefield but dutiful away from it, often quoting regulations to troopers who fail to follow procedure. He sometimes wonders how Rex can stand serving a Jedi as reckless as Anakin and is grateful that Obi-Wan is more cautious in battle than his old Padawan.

Few Jedi commanders and clone officers develop a bond as close as the one that forms between Cody and Obi-Wan over many battles during the Clone Wars. Obi-Wan comes to trust that Cody will never let him down, while Cody and the troops under his command respect their Jedi general's skill as both a negotiator and a warrior.

HOMEWORLD: Kamino

ABILITIES: Combat, military tactics, leadership

CC-3636, also known as Wolfe, serves Jedi Master Plo Koon as commander of the Wolfpack, a close-knit squad of highly effective troopers known for their ferocity in battle. Wolfe and his squad mates are devoted to their Jedi general, knowing he would do anything to preserve their lives on the battlefield.

"COMMANDER, WE ARE TAKING YOU IN."

– Commander Wolfe

HUNTING A FUGITIVE

After the bombing of Coruscant's Jedi Temple, Wolfe leads a shock trooper squad in search of Ahsoka Tano, who is considered a fugitive from justice. Ahsoka once saved the lives of Wolfe and his squad at Abregado, but orders are orders, and the veteran clone trooper is determined to obey them.

GREGOR

MYSTERIOUS EXILE

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, restaurant sanitation

Clone commando CC-5576-39 disappears during the Battle of Sarrish and is considered dead. But the former officer survives, winding up on the Outer Rim planet Abafar with no memory of his past. Using the name Gregor, he works as a dishwasher in a diner—at least until a Republic squad discovers him.

REJOINING THE FIGHT

Republic Colonel Meebur Gascon helps Gregor recover his true identity. After reclaiming his armor and weapons from the diner owner who stole them, Gregor helps Gascon and D-Squad leave Abafar. Covering their escape, Gregor dispatches many battle droids and is assumed to die in an explosion. But clone commandos are hard to kill, and Gregor's story isn't over.

ECHO

SEPARATIST PRISONER

SPECIES: Human (clone)

HEIGHT: 1.85 m (6 ft 1 in)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Combat training, military tactics, cybernetic implants

CT-1409, or Echo, proves himself fighting off a Separatist raid on the Rishi Moon and defending Kamino. Echo is promoted to ARC trooper, but he is believed to have been killed during a mission to Lola Sayu. However, he is still alive and is a Separatist prisoner, turned into a cyborg so his knowledge can be used against the Republic.

A CRUEL EXPERIMENT

During a mission on Anaxes, Rex learns that Echo is alive and is being held prisoner on Skako Minor. He has been cybernetically rebuilt and trapped in a stasis tank. Once freed, Echo helps the Republic win a key victory at Anaxes and decides to join the band of aberrant clone commandos known as the Bad Batch.

ABILITIES: Enhanced senses, specialist training, superior hand-to-hand combatant, leadership

A mutated clone, Hunter is in charge of the infamous commando unit known officially as Clone Force 99 and unofficially as the Bad Batch. Besides possessing a talent for leadership, Hunter can sense droids' electromagnetic fields—an invaluable ability given that his unit is often sent on dangerous, top-secret missions.

"WHAT KIND OF SUICIDE MISSION DO YOU HAVE FOR US THIS TIME?"

— Hunter

HUNT FOR THE ALGORITHM

Hunter is reluctant to work with Rex's regular clones on a mission to infiltrate a Separatist outpost on Anaxes. The "regs," he fears, will just get in the way of the Bad Batch and its unusual—and effective—combat tactics. But the mission teaches Hunter to respect Rex as a leader and a surprisingly creative thinker.

CROSSHAIR

ELITE MARKSMAN

SPECIES: Human (clone)

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Combat abilities, sharpshooting, superior vision

Crosshair is another mutated clone member of the Bad Batch. He has vision far superior to a regular clone's, allowing him to hit targets at almost unbelievable distances with his sniper rifle. Crosshair is utterly devoted to marksmanship: his helmet is modified so he can fit his 773 Firepuncher rifle's scope against his eyepiece, and he has crosshairs tattooed across his right eye.

COLD-HEARTED MAN

Crosshair has an icy personality and can be cynical and bitter about the war. While dedicated to his colleagues in the Bad Batch, he has little regard for regular clones, whom he views as expendable. On Skako Minor, Crosshair's attitude sparks an angry confrontation with Captain Rex.

"WHEN YOU HAVE TO HIT A PRECISE TARGET FROM 10 KLICKS, CROSSHAIR'S YOUR MAN."

— Hunter

WRECKER

CLONE BERSERKER

Ominous helmet strikes fear in enemies

Excellent tool for cutting off stingers

SPECIES: Human (clone)

HEIGHT: 1.98 m (6 ft 6 in)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Enormous strength, armed and unarmed combat

Wrecker is a mutated clone whose immense strength makes him the muscle of the Bad Batch squad. He loves combat, takes delight in reducing droids to scrap, and blowing things up—the bigger the bang, the happier he is. Wrecker has a dark, twisted sense of humor, but he's fiercely loyal to his fellow Clone Force 99 clones and anyone else whose ability to fight proves worthy of his respect.

"THE CAVALRY HAS ARRIVED!"

— Wrecker

MAYHEM ON ANAXES

The Anaxes campaign is great fun for Wrecker, who gets to lift gunship wreckage, destroy lots of droids, damage Separatist equipment, and cause the kind of mayhem he likes best. At the battle's climax, Anakin Skywalker lets Wrecker blow up an entire Separatist battleship. The massive commando has rarely been so happy.

TECH

GENIUS SOLDIER

SPECIES: Human (clone)

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Technical abilities, slicing, decryption, language skill, armed and unarmed combat, military tactics, gift for improvisation

The lanky, brainy clone named Tech is the Bad Batch's resident genius. He is an expert slicer and problem solver who prefers clever planning to brute force in defeating the Republic's enemies. He has computer terminals built into his armor and his helmet's visor, allowing him instant access to information that he uses to give his fellow clones the edge in battle.

HEARING AN ECHO

Tech plays a critical role in tracing the origins of a mysterious Separatist algorithm to Skako Minor and in rescuing the ARC trooper Echo from his captors. He then helps the Bad Batch escape a Separatist facility by using a recording of keeradaks to summon the flying creatures. The clones then use the winged beasts to ride off into the skies.

"I DO HAVE A BRILLIANT IDEA."

FOX

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Combat abilities, military tactics, leadership, reconnaissance, riot control

**“STAND DOWN!
STAND DOWN!
GET ON YOUR
KNEES!”**

– Commander Fox

CC-1010, called Fox, leads the elite unit known as the Coruscant Guard. The group protects members of the Senate and the Supreme Chancellor, helps keep the peace in the Republic capital, and tracks down dangerous fugitives. Fox’s quarries include Ziro the Hutt, Ahsoka Tano, and the renegade clone trooper Fives, who flees from the Grand Republic Medical Facility after apparently trying to kill Palpatine. Obeying orders, Fox fires the shot that ends Fives’ life.

BLY

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Combat abilities, military tactics, leadership, aerial maneuvers, reconnaissance

CC-5052, or Bly, is a veteran commander of many battles with the 327th Star Corps. He serves under Aayla Secura and has formed a close bond with his Jedi general. Bly fights alongside Aayla, Anakin Skywalker, Ahsoka Tano, and Captain Rex at the Battle of Quell and after a party of Jedi and clones are marooned on Maridun. Bly respects Aayla for her grit in battle and for her sense of duty: she doesn’t let personal feelings get in the way of a mission. He must do the same on Felucia when Aayla becomes a target of Order 66.

GREE

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Combat abilities, military tactics, leadership, aerial maneuvers, data-slicing, reconnaissance, infiltration

"YOU AND I DISAGREE ON WHAT MAKES A GOOD SOLDIER."

— Commander Gree

CC-1004, called Gree, commands the 41st Elite Corps, led by Luminara Unduli. Like his Jedi general, Gree is a careful, by-the-book soldier who doesn't believe in cutting corners. Gree is assigned to guard Separatist leader Nute Gunray for transport back to Coruscant after his capture on Rodia. The clone brawls with Senate Commando Captain Argyus when he betrays the Republic and frees Gunray. Gree later fights at the Second Battle of Geonosis and on Kashyyyk, where he confronts Yoda during Order 66. The Jedi Grandmaster ends Gree's life with a swipe of his lightsaber's green blade.

PONDS

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Combat abilities, leadership, military tactics, reconnaissance

"I HAVE FIVE SPECIAL COMMANDO UNITS AWAITING YOUR ORDERS, SIR."

— Commander Ponds

DCA-15 rifle is effective at long range

CT-411, known as Ponds, serves under the Jedi General Mace Windu. He is a veteran commander of many battles, including Geonosis, Ryloth, and Malastare. Ponds is an expert at reconnaissance, leading Lightning Squadron's ARF troopers on Ryloth. The back of his helmet bears a cheerful stenciled message to anyone following him into battle: some guys have all the luck. Ponds is taken hostage in bounty hunter Boba Fett's raid on the Star Destroyer *Endurance* and killed by Fett's ruthless mentor Aurra Sing to show Windu that Fett means business. Windu witnesses the loyal soldier's tragic fate with quiet anger.

NEYO

Symbol of the 91st
Reconnaissance
Force

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, reconnaissance, speeder piloting

CC-8826, known as Neyo, is a clone commander who lends his pit droid, WAC-47, to D-Squad. His generosity is rewarded, as the droid foils a Separatist attack on the Valor, a Republic space station, while Neyo is aboard. He later fights on Saleucami during the Outer Rim Sieges with Jedi Master Stass Allie.

JET

CC-1993, nicknamed Jet, serves under Jedi General Ki-Adi-Mundi. During the Second Battle of Geonosis, Jet leads squads of flametroopers through hives crowded with Geonosian drones. The clone commander and his troops must fight for every meter of ground but manage to complete their mission.

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Starfighter and starship piloting, military tactics

ODD BALL

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Starfighter and starship piloting, military tactics

The veteran clone pilot CC-2237, known as Odd Ball, often flies with Obi-Wan Kenobi. The clone's long record of missions includes Teth, Umbara, and Cato Neimoidia. Odd Ball nearly dies at Teth, but Obi-Wan saves his V-19 Torrent fighter from vulture droid attackers.

HAVOC

Clone trooper Havoc proves himself as a soldier and is rewarded with a promotion to ARC trooper. He serves in Rancor Battalion with Commander Colt and checks in on clone cadets' training on the world Kamino. Havoc dies defending Tipoca City against Separatist invaders.

APPO

Appo's armor markings are common across Anakin's unit

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, reconnaissance, peacekeeping

CC-1119, or Appo, is a sergeant in Anakin Skywalker's 501st during the campaign on Umbara and is promoted to commander afterward. When Anakin splits up his troops so half of them can join the Siege of Mandalore, Appo is placed in command of the other group heading to Coruscant. During Order 66, Appo and fallen Jedi Anakin attack the Jedi Temple.

MONNK

Monnk commands clone SCUBA troops on the watery world Mon Cala and reports to Jedi Master Kit Fisto. Monnk, Fisto, and their troops arrive just in time to save Mon Cala's Prince Lee-Char from being wiped out by Separatist and Quarren forces, then wage a guerrilla war against the attackers.

ABILITIES: Armed and unarmed combat, military tactics, aquatic maneuvers

TUP

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, reconnaissance, military tactics

CT-5385, known as Tup, is a young clone assigned to the 501st. On Umbara, he quickly proves cool under fire, earning the respect of Captain Rex, Fives, and other veteran soldiers. He helps devise the clones' plan to capture Jedi General Pong Krell, preventing Krell from killing more troopers. During the Battle of Ringo Vinda, Tup suddenly shoots Tiplar, his Jedi General, while mumbling that "good soldiers follow orders." This shocking act is traced to a malfunctioning inhibitor chip in Tup's brain. Tup dies shortly after the chip is removed.

Republic
Medic Corps

KIX

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Medical training, armed and unarmed combat, reconnaissance, military tactics

CT-6116, or Kix, is a clone medic who serves with the 501st. He has been trained to handle everything from minor injuries to life-threatening wounds. Kix races fearlessly around the battlefield with medpacs, pain stimms, and anything else that might save the lives of his clone brothers.

Kix fights in multiple battles including Saleucami, Kiros, Umbara, and Ringo Vinda. While hunting General Grievous on Saleucami, he saves Captain Rex's life and reminds his reluctant superior officer that a medic outranks everyone when it comes to health.

JESSE

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics

CT-5597, known as Jesse, fights with the 501st, seeing action at Saleucami, Umbara, Ringo Vinda, Anaxes, and during the Siege of Mandalore. He proves himself highly capable in combat and is promoted to ARC trooper before the end of the war. The Republic sigil adorns his face and helmet.

When the clones receive Order 66, Jesse is unable to resist his conditioning and apprehends Captain Rex and Ahsoka Tano in the *Tribunal's* hangar bay, seeking to bring them to justice as traitors against the Republic. Jesse dies during the attempt.

HEVY

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, heavy weapons expert, military tactics, reconnaissance

CT-782 is a member of Domino Squad and is given his nickname Hevy by Clone 99 because of his training in heavy weapons, such as the Z-6 rotary blaster cannon. Clone 99 plays a key role in persuading the Dominos to work as a team and complete their cadet training on Kamino.

Hevy's life proves tragically short: he is assigned to the Rishi Station listening post as a "shiny," or new clone trooper. When Separatist commando droids attack the station, Hevy sacrifices his life to destroy the listening post and its invaders.

BOIL

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, reconnaissance, infiltration, military tactics

Boil is a member of Ghost Company who sees combat on Ryloth, Geonosis, Kiros, and Christophsis. He is skilled at reconnaissance and infiltration, and these abilities prove vital in freeing Ryloth from Separatist leader Wat Tambor. He and fellow clone Waxer become close friends during the conflict.

On Ryloth, Boil at first calls the planet's Twi'leks "tail-heads." But he comes to care for an orphaned girl, named Numa, and to understand what the Republic fights for. Boil's helmet bears a cartoon of Numa as a reminder for the rest of the war.

Helmet hides well-groomed mustache

WAXER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, reconnaissance, infiltration, military tactics

Clone trooper Waxer serves with Boil in Ghost Company, helping save Numa on Ryloth and liberate the planet's Twi'leks. He is promoted to lieutenant later in the war and leads troops in the difficult campaign to free the planet Umbara from the Separatists. During the fight, General Pong Krell sends Waxer's platoon into combat against other clone units. He is mortally wounded but is able to tell Rex of Krell's treacherous act.

CLONE 99

SPECIES: Human (clone)
HEIGHT: 1.68 m (5 ft 6 in)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Sanitation,
 military tactics, leadership

Accidents in clone production can lead to mutations, such as the ones that leave Clone 99 unable to fight, and he instead works as a janitor on Kamino. Clone 99 takes pride in his clone heritage and supports clone cadets as they struggle with the demands of army training.

Clone 99 inspires Domino Squad to work as a team, then assists the clone army when Separatist droids invade Kamino. He dies fetching ammunition during this battle but is not forgotten: Clone Force 99, a unit of mutated clones, is named in his memory.

DOGMA

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and
 unarmed combat, military
 tactics

Dogma is a stern young clone trooper assigned to the 501st under Captain Rex. Many of Rex's veterans have learned that war calls for a certain flexibility, but Dogma rejects this, arguing that orders must be followed instantly and without question.

When Pong Krell begins sending the 501st into harm's way, Dogma at first defends the Jedi general. But when Krell causes clones to fire on each other, something in Dogma snaps. He shoots Krell dead, unwilling to wait for a military trial.

HAWK

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Gunship piloting, starfighter piloting, military tactics

Hawk flies a gunship in many battles, from Christophsis to Scipio. Gunship pilots need steely nerves, as they must fly their transports in and out of heavy fire zones and remain on the ground while troops load and unload.

CHOPPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, repairs

Squad mates of Chopper admit he's a little weird: he collects fingers of battle droids as trophies. When the Republic learns there's a traitor in Sergeant Slick's squad, suspicion falls on Chopper. But he's proven innocent.

HARDCASE

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, heavy weaponry, military tactics

Hardcase fights in battles including Mimban, Saleucami, and Umbara. He's an expert with a Z-6 rotary cannon. It's the perfect weapon for Hardcase, who's always eager for battle and claims he's hyperactive due to a leak in his growth acceleration chamber.

DROIDBAIT

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics

CT-00-2010 earns the nickname Droidbait as a cadet after grumbling that Domino Squad uses him to draw out mechanical foes. His nickname turns out to be grimly prophetic, as he is killed by commando droids that infiltrate the Republic's outpost on the Rishi Moon.

SINKER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics

Sinker is a veteran sergeant in Plo Koon's famed Wolfpack battalion. He survives being hunted by the Separatist cruiser *Malevolence* to fight on worlds such as Felucia and Aleen. Sinker later joins Plo Koon to investigate a mysterious distress call originating on Oba Diah's moon.

O'NINER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, leadership

O'Niner is a clone sergeant in charge of the Republic listening post on the Rishi Moon. His squad is made up of "shinies," rookie troopers fresh from training on Kamino. O'Niner dies when Separatist commando droids overrun the outpost.

BRIC

SPECIES: Siniteen
HEIGHT: 1.91 m (6 ft 3 in)
ALLEGIANCE: Republic
HOMEWORLD: Mileva

ABILITIES: Military tactics, leadership, infiltration, tracking, reconnaissance

The hard-nosed bounty hunter named Bric helps the Republic train clone cadets on Kamino. He is a tough taskmaster with little patience for trainees who don't meet his high standards. His bullying is in contrast with the kindness shown by El-Les.

EL-LES

SPECIES: Arcona
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Cona

ABILITIES: Military tactics, leadership, tracking, reconnaissance

El-Les is an Arcona mercenary who teams up with Bric to train clone cadets for the Republic, taking a gentler approach to teaching than his partner. El-Les tries to help the cadets of Domino Squad when they struggle to master their military training on Kamino.

BOSS

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Leadership, armed and unarmed combat, military tactics, infiltration, reconnaissance, sniper skills, jetpack training

RC-1138, known as Boss, is a sergeant who leads the elite commando unit known as Delta Squad for some of the war's most dangerous missions. Boss leads Delta Squad's search for survivors after Savage Opress' raid on Devaron's ancient Temple of Eedit.

FIXER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Slicer skills, armed and unarmed combat, military tactics, infiltration, reconnaissance, mechanical repairs, jetpack training

RC-1140 is Boss' second-in-command in Delta Squad. He is known as Fixer because of his skills as a slicer and tinkerer. Fixer is quiet, grim, and so focused on following regulations that he uses his comrades' operating numbers during missions.

SCORCH

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, infiltration, reconnaissance, demolition, jetpack training

RC-1262, nicknamed Scorch, is an elite commando who acts as Delta Squad's explosives expert. Scorch is quick with a joke even when combat is at its hottest. He is frustrated to find nothing to blow up when the Deltas survey the aftermath of Savage Opress' attack on a Jedi temple.

SEV

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, infiltration, reconnaissance, tracking, jetpack training, sniper skills

RC-1207, nicknamed Sev, is a commando in Delta Squad. Sev is the unit's sniper, and his many skills include tracking and survival. Sev seems to love combat, and his enthusiasm for battle can strike his fellow Deltas as a bit disturbing.

THIRE

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics

CC-4477, known as Thire, is a lieutenant in the Coruscant Guard. On Rugosa, Yoda urges Thire to stay positive even when facing terrible odds and advises him not to rush into fights. After Order 66, Thire helps Darth Sidious hunt for Yoda following the Jedi and Sith duel in the grand Senate Chamber on Coruscant.

JEK

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, heavy weaponry, reconnaissance, tracking

Jek is part of the Coruscant Guard. He relies on his Z-6 rotary cannon in battle, but Yoda encourages him to think of his mind as a tool more powerful than any weapon. Jek follows the Jedi Master's advice and retrain as a scout. He later serves in the Battle of Kashyyyk under Commander Gree.

RYS

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, security

Rys is a member of the Coruscant Guard. He travels with Yoda to Rugosa and learns a valuable lesson from the Jedi: to draw inspiration from his fellow clones. Rys survives Rugosa, but Yoda has a vision of the clone's death later in the war.

JAX

SPECIES: Human (clone)
HEIGHT: 1.44 m (4 ft 9 in)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Military tactics, developing leadership skills

Jax is a clone cadet and a leader in the Clone Youth Brigade. While on a training mission onboard the *Endurance*, Jax befriends a cadet known as Lucky. Jax is unaware that his friend is really Boba Fett, who plans to destroy the warship as part of his plan to kill Mace Windu.

CLONE TROOPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics

The clone troopers of the Grand Army of the Republic are genetically identical soldiers designed and grown by Kaminoan cloners. These troops are critical in defending Republic worlds from Separatist droid armies. Each clone has an inhibitor chip in his brain to ensure obedience.

ARC TROOPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, leadership, survival, infiltration, reconnaissance

Advanced Recon Commandos are elite clone troops who often lead soldiers into battle as officers. Some are trained for ARC responsibilities as cadets on Kamino. Others are chosen from the ranks of regular clone units after proving their bravery and ingenuity on the battlefield.

ARF TROOPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, cavalry operations, reconnaissance

Advanced Recon Force troopers are the cavalry of the Republic army, riding AT-RTs on scouting missions and in battle. Clones with exceptional agility are given ARF training, and such troopers regard themselves as a breed apart. They see piloting an AT-RT as more like riding a living mount than driving a vehicle.

CLONE PILOT

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, survival, starfighter/starship piloting

Clone pilots can fly anything, from transports to starfighters. Any clone cadets with exceptional reflexes and vision are identified early on Kamino and given specialized training, with those who make the grade "earning their wings" as pilots.

BARC TROOPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, reconnaissance, speeder piloting

BARC troopers are specialized ARC units trained to pilot speeder bikes. They are often assigned reconnaissance missions but can also act as cavalry for their allies or as a vanguard for ARF troopers on AT-RTs. BARC troopers excel at high-speed combat and boast that they have the speediest reaction times in the clone army.

SHOCK TROOPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, security, riot control

The clone troopers of the Coruscant Guard are also known as shock troopers. They can be recognized by their armor's red markings: in the Republic, red has been a sign of diplomatic status for millennia. Shock troopers protect the Chancellor, senators, and other vital personnel.

ORDNANCE TROOPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, explosives handling, infiltration, security

Ordnance specialists have one of the most dangerous jobs in the Republic military: defusing bombs. Clones chosen for this perilous work must have steady nerves, a gentle touch, and be able to focus amid the chaos of war. They play a key role in disarming bombs on Naboo.

CLONE SCUBA TROOPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, underwater maneuvers, survival, infiltration, sub piloting

Clone SCUBA troopers are soldiers trained for underwater combat. They use specialized gear including fins, breathing tubes, and blasters equipped with lights. Many of these soldiers are taught to pilot speedy Devilfish subs. Clone SCUBA troopers play a vital part in the Republic's defense of Mon Cala.

COLD ASSAULT TROOPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics

All clone troopers are trained in the use of cold-weather gear, but cold assault troopers are routinely stationed on frigid worlds with tough conditions. These troopers wear HT-77 armor designed to keep them warm and use equipment to aid them in these environments.

RIOT TROOPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, security, tracking, reconnaissance

Riot troopers are specially trained members of the Coruscant Guard who control crowds through shows of authority and nonlethal weapons, such as stun batons. They await orders in Coruscant barracks and often assist police in keeping the peace and hunting down fugitives.

FLAMETROOPER

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Republic

HOMEWORLD: Kamino
ABILITIES: Armed and unarmed combat, heavy weaponry

Flametroopers are specialized clone units who use flamethrowers to clear enclosed places. They are trained to resist their natural instinct to retreat from fire and rely on insulated body gloves, coolant reservoirs, and fireproof equipment to prevail in tackling dangerous objectives.

CLONE CADET

SPECIES: Human (clone)
HEIGHT: Varies
ALLEGIANCE: Republic
HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, heavy weaponry

Clone troopers grow to maturity in just a decade. They spend much of their accelerated childhoods in military training, learning tactics, and engaging in countless drills. Most of their education takes place on Kamino, but cadets also pursue offworld missions as part of Youth Brigades.

CLONE GUNNER

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, heavy weaponry

Clone gunners operate artillery installations and the turbolasers of starships, relying on specialized training to anticipate enemy tactics and target opponents effectively. They wear reinforced armor for protection against recoil from their guns and helmets insulated to reduce both noise and vibrations.

JET TROOPER

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, survival, starfighter/starship piloting

Jet troopers are trained in aerial maneuvers and combat, using jetpacks to scout ahead of clone units and deny enemies the tactical advantage of the high ground. Jet troopers help defend the Republic on Cato Neimoidia and Anaxes and take part in the Battle of Yerbana in the final days of the Clone Wars.

SPECIAL OPS TROOPER

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, heavy weaponry

Special ops troopers act as the eyes and ears of other clone units, moving stealthily into position and gathering intelligence about potential enemies on the battlefield. Their specialized gear allows them to detect hazards at a distance. They prove invaluable in the Battle of Christophsis and the Second Battle of Geonosis.

STEALTH PILOT

SPECIES: Human (clone)

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Republic

HOMEWORLD: Kamino

ABILITIES: Armed and unarmed combat, military tactics, heavy weaponry

Clone pilots chosen to fly experimental stealth ships, such as the IPV-2C, succeed in their missions by slipping through enemy lines without being detected. During the Battle of Christophsis, stealth pilots help Anakin Skywalker fly through a Separatist blockade, gathering data to be studied later.

SHEEV PALPATINE/DARTH SIDIOUS

REPUBLIC LEADER/HIDDEN SITH MASTER

Sheev Palpatine is the Supreme Chancellor of the Republic, working tirelessly to keep galactic civilization intact amid a devastating war. But this seemingly humble public servant has a secret identity. He is Darth Sidious, the hidden Sith Lord, and has engineered the Clone Wars to rule the galaxy.

A SENATOR'S RISE

Palpatine represented Naboo in the Senate a decade before the Clone Wars. When the Trade Federation invaded the planet, he advised Naboo's Queen Amidala as she begged the Senate for help. The Senate

responded to her plea with pointless bickering, so Amidala called for a no-confidence vote in Chancellor Valorum. The Senate then voted to make Palpatine his replacement.

GROWING POWERS

As the war drags on, Palpatine is given more and more emergency powers to counter the Separatists' attacks. He has the support of the Senate's Loyalist faction, but over time Loyalists such as Bail Organa and Padmé Amidala begin to worry about the vast amount of power he's gathered. Palpatine vows to give up this power once the war has been won. But will he keep his promise?

As the Sith Lord Darth Sidious, Palpatine is a master of the dark side and controls both sides in the Clone Wars. He appears as the Republic's Chancellor while his apprentice, Count Dooku, leads the Separatists. As the war grinds on, Palpatine manipulates events so he gains more power as Chancellor, and those urging caution or peace are silenced or eliminated.

Dark-side power makes Sidious a deadly duelist

DARK DESIGN

To rule the galaxy, Sidious must destroy the Jedi Order. At Chancellor Palpatine's urging, the Jedi reluctantly put aside their traditional role as peacekeepers to become generals leading the clone army. Many Jedi die in battle or lose faith, doubting whether the Order is doing the right thing. Meanwhile, the clone army has been created to support Sidious' master plan. Each clone has an inhibitor chip in his brain to ensure obedience to any command from Sidious. When Sidious issues Order 66, the clones target the Jedi, few of whom survive the attack.

COUNT DOOKU

FALLEN JEDI

Count Dooku is the Separatists' public leader and a former Jedi who lost faith in the Order and left its ranks. Most in the galaxy think Dooku is merely a politician and an opponent of the Republic. While the Jedi know that Dooku has fallen to the dark side and become a Sith, they do not know his Sith title, or if he is the master or the apprentice.

"THE SITH CONTROL EVERYTHING—YOU JUST DON'T KNOW IT."

— Count Dooku

A MASTER'S COMMANDS

General Grievous commands the Separatists' droid armies, with Dooku appearing as the breakaway government's political leader. But Dooku frequently clashes with the Jedi on missions for his master, Darth Sidious, fighting a series of duels with Obi-Wan Kenobi and Anakin Skywalker. He takes his own dark-side apprentice, Asajj Ventress, but eventually obeys his master's command to cast her aside.

Ventress survives and retreats to Dathomir, where she and a coven of dark-side witches known as the Nightsisters plot revenge. After an assassination attempt on Dooku's homeworld Serenno fails, the leader of the Nightsisters, Mother Talzin, sends Dooku a new apprentice, Savage Opress, whose secret mission is to kill him. Dooku survives this second plot against his life and vows to destroy the Nightsisters.

IDENTITY REVEALED

The Jedi discover the mysterious Tyranus recruited Jango Fett as source material for the clone army. When new clues arise about Jedi Master Sifo-Dyas' death, Sidious orders Dooku to tie up any loose ends that could reveal the truth about the clones' secret purpose to wipe out the Jedi. On Oba Diah, Anakin and Obi-Wan duel Dooku and discover he is Tyranus.

VOICE OF THE OPPOSITION

The Separatists broadcast Dooku's passionate, fiery speeches to Republic worlds. His charisma is a vital Separatist weapon in the fight for political advantage.

ASAJJ VENTRESS

DARK SIDE ASSASSIN

The fallen Jedi Padawan Asajj Ventress serves Count Dooku as an assassin, battling the Jedi on many missions during the Clone Wars. When Dooku rejects her as his apprentice and tries to kill her, Ventress seeks a new path, returning home to Dathomir before working as a bounty hunter. Asajj's life then takes a final, surprising turn.

SEARCHING FOR BELONGING

Ventress' life is filled with turmoil and a search for belonging. Born to the Nightsisters, the young Asajj is sold to a pirate who takes her to Rattatak, where she becomes Padawan to a stranded Jedi, Ky Narec. When Narec is killed, Ventress gives into her rage and takes over the planet. Dooku discovers her and recruits her as his agent but is forced to betray her on orders from his own Sith master, the mysterious Darth Sidious.

Asajj returns to Dathomir and is welcomed back by the Nightsisters' leader, Mother Talzin, who helps her try to kill Dooku. When their attempt fails, Asajj's sisters are wiped out by the Separatists, leaving her alone again.

DEADLY WEAPONS

Ventress' superb agility makes her a dangerous duelist. She draws on her Jedi training and Dooku's lessons in channeling dark-side power. Her twin lightsabers have curved hilts, in honor of the eye-catching blade wielded by Dooku, and can connect to form a saberstaff.

STARTING OVER

After escaping the attack by Separatists on Dathomir, Ventress seeks a new life as a bounty hunter on Coruscant. She forms a partnership with maverick Jedi Quinlan Vos, teaching him the ways of the dark side. Her love for Vos leads her back to the light, and she dies sacrificing herself to save him from Dooku.

MAUL

FORSAKEN APPRENTICE

Obi-Wan Kenobi cut Maul in two in a duel on Naboo, but the power of the dark side and Maul's own ferocious will preserved his life. Restored to strength and sanity, he seeks revenge against both the Jedi and Darth Sidious, building a galactic crime syndicate and seizing control of the planet Mandalore.

A BROTHER'S QUEST

Maul rose to power as Sidious' Sith apprentice. He killed Jedi Master Qui-Gon Jinn on Naboo but was felled in turn by Jedi Padawan Obi-Wan Kenobi. Maul survived but was left insane, trapped on junkyard planet Lotho Minor. His brother Savage Opress rescues him with the aid of Mother Talzin—their mother and leader of the Nightsister witches—who heals Maul's

mind. With Savage's help, Maul plots to unite the galaxy's criminal gangs and strike back against everyone who wronged him.

Maul quickly gathers power, uniting Mandalore's Death Watch warriors with the Hutts, the Pykes, and Black Sun gangs to form the Shadow Collective. He kills the head of Death Watch, Pre Vizsla, and takes revenge on Obi-Wan by killing his beloved Duchess Satine Kryze, Mandalore's leader. Maul now rules, but his rise alarms Sidious. In a furious duel, Sidious kills Savage and defeats his former apprentice, imprisoning him on Stygeon Prime. But Maul will return to threaten the galaxy anew.

NEW ORDER'S RISE

Maul is soon rescued by Death Watch, but he is unaware Sidious allowed this escape and is manipulating him so he can destroy Mother Talzin. Maul then returns to Mandalore, which is engulfed in a civil war between Death Watch and the Nite Owls resistance group. The Republic's clone troopers aid the Nite Owls, with Ahsoka Tano capturing Maul. But on Maul and Ahsoka's way to Coruscant, Order 66 causes the clones to attack them. A desperate Ahsoka frees Maul to cause chaos so she can escape. Maul flees but is already plotting to rebuild his criminal empire.

HEIGHT: 2.23 m (7 ft 4 in)
ALLEGIANCE: Nightsisters
HOMEWORLD: Dathomir

ABILITIES: Force magic,
leadership, spiritual guidance,
clairvoyance, foreknowledge,
telekinesis

Mother Talzin is the spiritual leader of the Nightsisters of Dathomir. This powerful sorceress commands strange magicks based on Force lore unknown to the Jedi or Sith and sells her clan's services to any who can meet her price. Talzin longs to take revenge on Darth Sidious, who promised her a place at his side—but instead stole her son Maul to be his Sith apprentice.

**"WHERE ONE SEES FAILURE, OTHERS
SEE OPPORTUNITY."**

— Mother Talzin

SHOWDOWN WITH SIDIOUS

Talzin welcomes Asajj Ventress back to the Nightsisters after Count Dooku betrays her. She then helps Asajj and Savage Opress plot to destroy him. However, the plan fails, and General Grievous wipes out the Nightsisters. Talzin escapes, but Sidious corners her on Dathomir, and Grievous ends her life.

SAVAGE OPRESS

MONSTROUS CREATION

SPECIES: Dathomirian Zabrak

HEIGHT: 2.18 m (7 ft 2 in)

ALLEGIANCE: Nightsisters

HOMEWORLD: Dathomir

ABILITIES: Force sensitivity, lightsaber combat, immense physical strength

Mother Talzin's spells transform her son Savage Opress into a huge warrior, and she sends him to Count Dooku as a new apprentice. But Savage remains loyal to Talzin, and his true goal is to kill Dooku. He fails and begins a new quest: to find his lost brother Maul. Opress then becomes Maul's enforcer in the Shadow Collective.

PAWN OF DARKNESS

Savage agrees to serve Asajj Ventress to save his younger brother Feral's life. Talzin's magicks swell Savage's muscles and rage. Despite previously saving his brother's life, Opress kills Feral as a test of loyalty to Asajj. After being used as a pawn in so many plots, he is mortally wounded by Darth Sidious. As Savage dies, Talzin's spells fade; his anger ebbs, and his ruined body shrinks to its natural size.

FERAL

SPECIES: Dathomirian Zabrak **ABILITIES:** Martial arts, agility
HEIGHT: 1.86 m (6 ft 1 in)
ALLEGIANCE: Nightbrothers
HOMEWORLD: Dathomir

Feral is one of Savage Opress' brothers. He competes in the tournament arranged for Asajj Ventress to select a warrior for her plan to kill Count Dooku. Savage saves Feral's life by promising to serve Ventress but then murders Feral as a test of loyalty to Asajj.

BROTHER VISCUS

SPECIES: Dathomirian Zabrak **ABILITIES:** Martial arts, military tactics, leadership
HEIGHT: 1.88 m (6 ft 2 in)
ALLEGIANCE: Nightbrothers
HOMEWORLD: Dathomir

Viscus is the leader of the Nightbrothers on Dathomir, and he arranges the tournament in which Asajj Ventress selects Savage Opress to serve her. Viscus and several Nightbrothers later help Maul battle Count Dooku and General Grievous on Ord Mantell. He is badly wounded but manages to survive.

OLD DAKA

SPECIES: Dathomirian **ABILITIES:** Force magic, leadership, spiritual guidance, clairvoyance, foreknowledge
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Nightsisters
HOMEWORLD: Dathomir

Old Daka is a Nightsister matriarch with a mastery of powerful, ancient Force sorcery. When General Grievous attacks Dathomir with a droid army, Mother Talzin requests Daka's help, and she reanimates dead Nightsisters to fight alongside the living. Grievous tracks her down and ends her long life.

ZOMBIE NIGHTSISTERS

SPECIES: Dathomirian (zombie) **HOMEWORLD:** Dathomir
ABILITIES: Unarmed combat
HEIGHT: Varies
ALLEGIANCE: Nightsisters

After their deaths, Dathomir's Nightsisters are shrouded in cocoons that hang from the planet's trees. When the Separatists attack the Nightsisters, Old Daka uses ancient magic to reanimate the dead. They emerge from their cocoons and overwhelm the droid invaders until Daka's death ends the spell.

KARIS

SPECIES: Dathomirian
HEIGHT: 1.9 m (6 ft 3 in)
ALLEGIANCE: Nightsisters
HOMEWORLD: Dathomir

ABILITIES: Armed and unarmed combat, agility, Force sensitivity, infiltration

Karis and her sister Naa'leth are two of the Nightsisters' best warriors. They join Asajj Ventress for a raid on Serenno with Count Dooku as their target, but Ventress' former master proves to be a tougher opponent than they had imagined. Karis returns to Dathomir and dies battling General Grievous' droid armies.

TALIA

SPECIES: Dathomirian
HEIGHT: 1.85 m (6 ft 1 in)
ALLEGIANCE: Nightsisters
HOMEWORLD: Dathomir

ABILITIES: Armed and unarmed combat, agility, Force sensitivity

Talia is a Nightsister who assists Mother Talzin on many missions, from preparing the spells that heal Asajj Ventress to presenting the warrior Savage Opress to Count Dooku on Serenno. Like nearly all of her clan, Talia falls fighting General Grievous and his army of battle droids.

NAA'LETH

SPECIES: Dathomirian
HEIGHT: 1.85 m (6 ft 1 in)
ALLEGIANCE: Nightsisters
HOMEWORLD: Dathomir

ABILITIES: Armed and unarmed combat, agility, Force sensitivity, infiltration

Naa'leth is sister to Karis and considered one of the Nightsisters' greatest fighters. She joins Asajj Ventress on the raid on Count Dooku's stronghold, then returns there when Mother Talzin brings Savage Opress to Dooku as a servant. She dies defending her clan from Separatist invaders.

LUCE

SPECIES: Dathomirian
HEIGHT: 2 m (6 ft 7 in)
ALLEGIANCE: Nightsisters
HOMEWORLD: Dathomir

ABILITIES: Armed and unarmed combat, agility, Force sensitivity

Luce is an accomplished warrior of the Nightsister clan living on Dathomir. She helps defend Mother Talzin and her sisters against an army of battle droids led by General Grievous, taking many invaders down with an energy bow and blaster rifles. Mortally wounded in the fight, she urges Asajj Ventress to save herself.

GENERAL GRIEVOUS

CYBORG WARLORD

General Grievous is the Separatists' military commander, whose name strikes terror in citizens of Republic worlds. He has replaced much of his living body with mechanical parts, voluntarily making himself into a cybernetic warrior with enormous strength, power, and speed. Grievous hates the Jedi and takes the lightsabers of those he kills as trophies.

WAR MACHINE

Grievous learned the art of lightsaber combat from Count Dooku and can wield four laser swords at once. He uses his mechanical arms to rotate his lightsabers so rapidly that they become pinwheels of destructive energy. While Grievous has no Force ability, his artificial limbs and cybernetic systems give him reflexes and

agility to rival those of the Jedi Knights. He takes macabre delight in beating Jedi on the battlefield. When up against an enemy he can't handle, he is quick to turn tail and run, often scuttling away to safety using all four limbs.

A WARLORD'S IMPROVEMENTS

Very little of Grievous' original Kaleesh body remains, but the Separatist warlord insists his radical transformation was his own choice, calling his artificial abilities "improvements."

"I DO NOT CARE ABOUT YOUR POLITICS. I DO NOT CARE ABOUT YOUR REPUBLIC. I ONLY LIVE TO SEE YOU DIE!"

MODEL: ST-series military strategic analysis and tactics droid

HEIGHT: 1.94 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid Combat Automata

ABILITIES: Armor, leadership, enhanced strategic programming, resistance to interrogation

General Kalani is a super tactical droid who leads Separatist efforts to crush the resistance on Onderon. The task is assigned to him by Count Dooku after the puppet monarch Sanjay Rash fails. Kalani ruthlessly pursues this goal, but his attempts to stamp out rebellion only make the opposition bolder.

Kalani proves both arrogant and brutal as a commander, interrogating the rebel leader Saw Gerrera and supervising the attempted execution of Onderon's previous ruler. With the fight lost, he kills King Rash on Dooku's orders and retreats to Agamar.

LUX BONTERI

SPECIES: Human

HEIGHT: 1.78 m (5 ft 10 in)

ALLEGIANCE: Separatists/
Republic

HOMEWORLD: Onderon

ABILITIES: Leadership, diplomacy, armed and unarmed combat

Lux Bonteri is the son of Mina Bonteri, a senator in the Confederacy of Independent Systems. He begins the Clone Wars as a Separatist supporter, but after Count Dooku orders the assassination of his mother, Lux briefly allies himself with Death Watch's Mandalorian thugs, in hopes of avenging her death by eliminating Dooku.

Ahsoka Tano helps Lux see he's made a mistake, and he renounces his former allegiance. During the Separatist occupation of his homeworld, Onderon, Lux joins the resistance, helping free the planet. He then represents it in the Republic Senate, completing a difficult personal journey.

ADMIRAL TRENCH

Admiral Trench is a legendary tactician, whose presence strikes fear in Republic officers familiar with his ruthlessness. The tough Harch survives his flagship's destruction at Christophsis, though half his body is replaced with cybernetic parts. Anakin Skywalker strikes Trench down at the Battle of Anaxes, ending his fabled career once and for all.

Lok Durd is a Neimoidian weapons designer serving Count Dooku. He hopes his creations will help win the war and bring him wealth and glory. Durd tests the Defoliator tank, which destroys organic matter but leaves droids unharmed, on Maridun. The test succeeds, but Durd is captured by a party of Jedi refugees and their Lurmen allies.

MAR TUUK

SPECIES: Neimoidian
HEIGHT: 2.09 m (6 ft 10 in)
ALLEGIANCE: Separatists

HOMEWORLD: Neimoidia
ABILITIES: Military tactics, battlefield leadership, evasion

The veteran naval officer Mar Tuuk is a shrewd tactician, who leads the Separatist blockade of Ryloth. He is certain he can predict Anakin Skywalker's moves and maintain the blockade. Anakin bests Tuuk by being unpredictable, flying a ruined cruiser on a daring solo mission and forcing Tuuk to abandon ship.

RIFF TAMSON

SPECIES: Karkarodon
HEIGHT: 2.21 m (7 ft 3 in)
ALLEGIANCE: Separatists
HOMEWORLD: Karkaris

ABILITIES: Military tactics, intimidation, diplomacy, persuasion, crushing bite

Riff Tamson is a sharklike Karkarodon, who incites a civil war between the planet Mon Cala's Quarren and Mon Calamari peoples. He then invades the aquatic world with Separatist droids. A ruthless commander, Tamson is also deadly in combat, attacking with his powerful jaws and sharp teeth. He is killed in battle by Mon Cala's young Prince Lee-Char.

WHORM LOATHSOM

SPECIES: Kerkoiden
HEIGHT: 1.75 m (5 ft 9 in)
ALLEGIANCE: Separatists

HOMEWORLD: Kerkoidia
ABILITIES: Military tactics, diplomacy

Whorm Loathsom commands the armies of the Retail Caucus, an organization loyal to the Separatists. He is sent to seize the key world of Christophsis. Loathsom makes a critical error by letting Obi-Wan drag out negotiations, allowing the Republic to regroup and repel the Separatist assault.

WAT TAMBOR

The foreman of the wealthy Techno Union, Wat Tambor is one of the earliest backers of the Separatist Alliance. He requires a protective suit to survive away from the high pressure of Skako's atmosphere. Tambor oversees the cruel occupation of Ryloth until the planet is liberated. On Skako Minor, he later performs experiments on the captured ARC trooper Echo to turn him into a tool to predict Republic tactics.

MANUFACTURER: MerenData
ABILITIES: Surgery, medical
procedures, diagnostics,
supervisor protocols

A-4D is a versatile surgical droid who repairs General Grievous' cybernetic systems after his battles with Jedi and clones. He has a sarcastic streak and talks more than Grievous likes, but the droid is both loyal and useful. Kit Fisto dismantles A-4D with his lightsaber, but Grievous quickly has his invaluable servant rebuilt.

CAPTAIN ARGYUS

SPECIES: Human
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Separatists
HOMEWORLD: Tepasí

ABILITIES: Armed and
unarmed combat, military
tactics, security

Faro Argyus is the fifth generation of his family to serve in the Senate Guard, but he betrays his oath to the Republic and joins the Separatist cause. He helps Asajj Ventress free Nute Gunray from a Republic warship, fighting his way past Commander Gree and clone guards. But he never gets his reward, as Ventress ends his life with a thrust of her lightsaber.

SLICK

SPECIES: Human (clone)
HEIGHT: 1.83 m (6 ft)
ALLEGIANCE: Separatists
HOMEWORLD: Kamino

ABILITIES: Armed and
unarmed combat, military
tactics, leadership, infiltration

Slick is a sergeant in the clone army who concludes that the clones are little more than enslaved warriors for the Jedi and the Republic. During the fight for Christophsis, he provides intelligence to Asajj Ventress. His treachery is discovered by Captain Rex and Commander Cody, who apprehend him.

BEC LAWISE

SPECIES: Siniteen
HEIGHT: 1.74 m (5 ft 9 in)
ALLEGIANCE: Separatists
HOMEWORLD: Mileva

ABILITIES: Leadership,
legislative strategy

Bec Lawise is a veteran politician who is the Speaker of the Separatist Senate. He still has many friends in the Republic and attends a peace conference on Mandalore, as well as joining the Separatist delegation to Scipio. He opposes Count Dooku's plot to seize control of the banks, a principled stance that costs him his life.

NOSSOR RI

SPECIES: Quarren
HEIGHT: 1.92 m (6 ft 4 in)
ALLEGIANCE: Separatists
HOMEWORLD: Mon Cala

ABILITIES: Leadership,
negotiations

Nossor Ri is a Quarren leader on Mon Cala, a planet the Quarren share with the Mon Calamari. Fearing Prince Lee-Char is too inexperienced to rule, he joins forces with Riff Tamson and the Separatists to oppose him. But Ri soon realizes his mistake and helps the Mon Calamari and Republic forces fight against Tamson.

RISH LOO

SPECIES: Gungan
HEIGHT: 2.07 m (6 ft 9 in)
ALLEGIANCE: Separatists
HOMEWORLD: Naboo

ABILITIES: Persuasion,
hypnosis, Gungan sorcery

Rish Loo is a Gungan priest and a member of the Gungan High Council. He uses sorcery to hypnotize Boss Lyonie into planning an attack on Naboo's capital, Theed, in alliance with the Separatists. After this plan is thwarted by Anakin Skywalker, Padmé Amidala, and Jar Jar Binks, Count Dooku kills Loo for his failure.

KING SANJAY RASH

SPECIES: Human
HEIGHT: 1.74 m (5 ft 9 in)
ALLEGIANCE: Separatists
HOMEWORLD: Onderon

ABILITIES: Leadership,
negotiations

Sanjay Rash schemes his way to the throne of Onderon, overthrowing King Ramsis Dendup, then breaks Dendup's vow of neutrality in the Clone Wars to become an ally of the Separatists. After Rash and General Kalani are defeated by rebel forces, Count Dooku gives up the fight, telling Kalani to do away with the puppet king and retreat.

BATTLE DROID

SEPARATIST SOLDIERS

B1 battle droids are simple, sturdy machines built by the billions in Separatist foundries and sent to invade planets loyal to the Republic. Clone troopers call the droids “clankers” and “tinnies,” boasting that they’re each worth 100 of them. But Separatist leaders can simply order more legions of B1s, and many clones have died fighting these foes.

IN THEIR MAKERS’ IMAGE

The Geonosians designed battle droids to mimic their own insect-like bodies. Their first client was the Trade Federation, which used B1s to invade Naboo. That generation of B1s lacked independent programming, following orders from orbiting Control Ships. Later models can think for themselves but not particularly well: situations not encoded in their logic modules baffle them, allowing clone troopers to blast the flummoxed droids into scrap.

B1s can be reprogrammed—two B1s serve R2-D2 on a mission to free Jedi Master Even Piell from Lola Sayu. But pushing them beyond their standard programming risks malfunctions and poor performance. Battle droids assigned new duties often chatter endlessly about what they’re doing, to the annoyance of Separatist commanders. This is a behavioral quirk caused by logic modules strained beyond their factory capabilities.

Antenna picks up remote commands

Motorized joints designed for easy maintenance

MODEL: Battle droid

HEIGHT: 1.91 m (6 ft 3 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid Armor Workshop

ABILITIES: Combat programming, crowd control, controlled remotely

NUMBERS GAME

Yes, B1s are lousy fighters: they are tactically inept, inaccurate with blasters, and easy to scrap. But they were designed to be cheap and disposable, overwhelming opposition through sheer numbers. This simple but effective plan has led to the conquest of many worlds by armies of “tinnies.”

E-5 BLASTER RIFLE

Battle droids' standard armament is the E-5 blaster rifle, built by the Baktoid Armor Workshop. E-5s generate massive amounts of waste heat, which is no problem for droids but uncomfortable for living beings.

“ROGER ROGER.”

BATTLE DROID COMMANDER

Battle droid commanders are variants of the B1 model with improved processors and superior programming. They take charge of other battle droids and can be distinguished from them by the yellow flares on their heads and chests. They enjoy bossing around regular B1s but quickly look for help from tactical droids or organic officers when things go poorly in battle.

MODEL: B1-series battle droid

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid

Combat Automata

ABILITIES: Combat, leadership

BATTLE DROID PILOT

MODEL: B1-series battle droid

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid

Combat Automata

ABILITIES: Combat programming, piloting skills

Battle droid pilots are nearly identical to standard B1 units, but they have beefed-up processors and programming that allow them to pilot ships and vehicles. Pilot droids also serve as bridge crews and are sometimes pressed into service as gunners and infantry, though they often protest such duty. Blue markings distinguish pilots from regular B1s.

SECURITY BATTLE DROID

MODEL: B1-series battle droid

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid
Combat Automata

ABILITIES: Combat

programming, crowd control,
sensor subroutines

B1 battle droids assigned to security sport red flares on their armor. These droids are often used as guards and sentries and are programmed to scan their surroundings for anything out of the ordinary. However, this often strains their logic modules, and security droids quickly become paranoid if not given regular memory wipes.

ROCKET BATTLE DROID

Jetpack is hardwired into B1's back

MODEL: B1-series battle droid

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid

Combat Automata

ABILITIES: Combat programming, aerial maneuvers

Rocket battle droids are standard B1s outfitted with jetpacks that let them maneuver in space. They have head-mounted lamps and laser cutters built into their arms. Rocket battle droids are dispatched from the massive Separatist battleship known as the *Malevolence* to hunt Plo Koon and his Wolfpack, a task they pursue with chilling enthusiasm.

FIREFIGHTER DROID

MODEL: B1-series battle droid

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid

Combat Automata

ABILITIES: Combat programming, firefighting ability

Firefighter droids are regular B1s remodeled to be effective at fighting fires within Separatist warships and installations. Specialized programming helps them respond to emergencies, while altered backpacks hold firefighting gear. They are adorned with yellow stripes and red flares to make them more visible in smoky conditions.

Hose can emit pressurized foam

AAT DRIVER DROID

MODEL: B1-series battle droid

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid

Combat Automata

ABILITIES: Combat programming, vehicle piloting

Battle droids assigned to pilot Armored Assault Tanks, known as AATs, are equipped with specialized programming that improves their reaction times and helps them detect enemies and obstacles more quickly than standard B1s. Driver droids have green flares so they can be quickly identified. They see action on worlds such as Rugosa and Kiros.

DESTROYER DROID

ROLLING DEATH

Primary sensor antenna scans for enemies

Deflector shield projector plate

MODEL: Destroyer droid

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: Separatists

MANUFACTURER: Colicoid
Creation Nest

ABILITIES: Twin blaster cannons, shield projector, exceptional speed

Destroyer droids, often called droidekas or “rollies,” are some of the toughest units in the Separatist arsenal. Destroyers roll into combat with terrifying speed, uncurl to snap onto their tripod legs, activate powerful defensive shield projectors, and start pumping blaster fire at their enemies. Clever and precise tactics are necessary to defeat them.

“THE TRICK IS TO GET THE RIGHT SPEED ON THE DROID POPPER.”

— Ahsoka Tano

THE BEST DEFENSE

Ahsoka Tano teaches Onderon’s rebels how to stop droidekas: the droids have a blind spot to their rear, and slow-moving objects will penetrate their shields. The trick is to work in pairs: one rebel attracts the destroyer’s attention, while the other rolls an EMP grenade through its shield from behind.

SUPER BATTLE DROID

MECHANICAL MUSCLE

MODEL: B2-series super battle droid

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid Combat Automata

ABILITIES: Heavy weapons, thick armor, aggressive programming

Super battle droids are the muscle of the Separatist infantry, built and programmed to be big and tough. Thick armor makes them hard to stop in combat, and their simple programming is all about aggression. These droids stomp straight at their enemies, sometimes shoving other battle droids aside in their haste to attack. Some B1s address their burly cousins as “sir” or “boss.”

DANGEROUS FOES

Wise clone troopers avoid taking on B2s directly, preferring to ambush them with EMP grenades, known as “droid poppers.” These weapons generate electromagnetic pulses that cause the droids’ systems to freeze. While the mighty machines are rebooting, clone units hurry to destroy them.

B2-HA SUPER BATTLE DROID

MODEL: B2-series super battle droid

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid Combat Automata

ABILITIES: Heavy weapons, thick armor, aggressive programming, artillery

B2-HA Super Battle Droids are more powerful variants of the B2 with one arm sporting a warhead or torpedo launcher instead of the standard built-in laser cannon. They are sometimes given command of other battle droids, despite not being programmed for tactics or leadership.

B2-RP SUPER BATTLE DROID

MODEL: B2-series super battle droid

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid Combat Automata

ABILITIES: Heavy weapons, thick armor, aggressive programming, flight

B2-RP Super Battle Droids augment the powerful weaponry of normal B2s with a built-in jetpack, creating a formidable aerial threat that Republic ground troops, fighters, and gunships must deal with. B2-RPs play a key role in the Separatist victory at Quell, boarding the damaged Star Destroyer *Liberty*.

B2 SUPER ROCKET TROOPER

MODEL: B2-series super battle droid

HEIGHT: 1.93 m (6 ft 4 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid Combat Automata

ABILITIES: Heavy weapons, thick armor, aggressive programming, improved flight

The Techno Union's military labs tinker with designs in search of an edge on the battlefield.

One of their innovations is the B2 rocket trooper, an advance over the B2-RP model.

These new droids are more maneuverable than their predecessors thanks to shoulder-mounted jetpacks and auxiliary boosters on their ankles.

SNIPER DROIDEKA

MODEL: Destroyer droid

HEIGHT: 1.87 m (6 ft 2 in)

ALLEGIANCE: Separatists

MANUFACTURER: Colicoid Creation Nest

ABILITIES: Combat programming, sniper programming, shield projectors, exceptional speed

Sniper droidekas are a variant model designed for sharpshooting. They are armed with a long-barreled blaster with tremendous range and power. However, they lack the standard droideka's shields, which would interfere with their long-range targeting.

GEONOSIAN DRONE

SPECIES: Geonosian
HEIGHT: 1.7 m (5 ft 7 in)
ALLEGIANCE: Geonosian
hives

HOMEWORLD: Geonosis
ABILITIES: Armed and
unarmed combat, natural
armor, flight

Geonosian drones make up the lowest castes of their hives, serving Geonosis' ruling queens and aristocrats as soldiers, pilots, and laborers. They are clever warriors, fighting with sonic blasters and force pikes, and are capable pilots. Clone troopers deride Geonosians as "bugs" but respect them in battle.

ZOMBIE GEONOSIAN

SPECIES: Geonosian (zombie)
HEIGHT: 1.7 m (5 ft 7 in)
ALLEGIANCE: Geonosian
hives

HOMEWORLD: Geonosis
ABILITIES: Unarmed combat

Geonosian drones have little sense of individuality, valuing the survival of their hive over the preservation of any single life. This allows brain worms to animate their dead bodies, creating shambling warriors that fight for their queens. Geonosian zombies are slow-moving and fight awkwardly, relying on numbers to swarm and destroy invaders.

BRAIN WORMS

SPECIES: Brain worm
LENGTH: 1 m (3 ft 3 in)
ALLEGIANCE: None

HOMEWORLD: Geonosis
ABILITIES: Mind control,
infiltration, stealth

Geonosis' hidden queens keep many secrets, including the existence of brain worms. These parasites invade living bodies, taking control of their hosts' brains and forcing them to serve the queens. After the Second Battle of Geonosis, Ahsoka Tano has to counter a brain-worm infestation aboard a Republic ship.

UMBARAN MILITIA

SPECIES: Umbaran
HEIGHT: Varies
ALLEGIANCE: Separatists
HOMEWORLD: Umbara

ABILITIES: Stealth, armed
combat, infiltration, military
tactics

Umbaran soldiers defend their world against the Republic during the Clone Wars. They are fierce fighters that make clever use of Umbara's advanced technology, including a gas that increases reaction time and reduces fear when inhaled. Umbarans can see in the ultraviolet spectrum, giving them an advantage when fighting amid their planet's gloom and shadows.

DWARF SPIDER DROID

METAL MASCOT

MODEL: DSD1 battle droid

HEIGHT: 1.98 m (6 ft 6 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid
Armor Workshop

ABILITIES: Heavy blaster
cannon, infrared vision,
climb vertical surfaces

Dwarf spider droids rely on their powerful, centrally mounted laser cannons to blast enemy troops, vehicles, and aircraft. They can see in total darkness and climb vertical surfaces, making them ideal for guard duty and reconnaissance. Dwarf spider droids are programmed to be about as smart as domesticated animals and sometimes refuse to follow dangerous orders.

“GOOD SHOT, BOY!”

– B1 battle droid

DUTIFUL DIGGERS

The DSD1 was built for the Commerce Guild and first used by the trade group to battle renegade miners deep underground. When the Guild joined the Separatist Alliance, the droid design was beefed up to deliver greater firepower. DSD1s are used to defend Teth against a raid by Jedi and clone troops.

MAGNAGUARD

BURLY BODYGUARDS

MODEL: IG-100 MagnaGuard

HEIGHT: 1.95 m (6 ft 5 in)

ALLEGIANCE: Separatists

MANUFACTURER: Holowan
Mechanicals

ABILITIES: Combat abilities,
magnetic feet, programmed to
fight in groups, keen sensors,
rugged design, piloting ability

IG-100 MagnaGuards are dangerous droids that serve top Separatist leaders as bodyguards. Even experienced Jedi hesitate to tangle with them as they are fast, programmed to fight in groups, and tough to destroy. They can keep fighting even after losing limbs or heads, and many bear scars from previous battles.

**"OK, STICK-TINNIES—YOU'RE
GOING BACK TO DOOKU IN PIECES!"**

— Ahsoka Tano

TATOOINE BRAWL

MagnaGuards attack Anakin Skywalker's freighter, the *Twilight*, above Tatooine and intercept Ahsoka Tano as she tries to return Rotta the Huttlet to his father, Jabba, outside his palace. Ahsoka finds the droids faster and nimbler than she expected but manages to fight them off and reunite the Hutts.

COMMANDO DROID

MODEL: BX-series
commando droid

HEIGHT: 1.91 m (6 ft 3 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid
Combat Automata

ABILITIES: Infiltration,
combat programming, agility

Commando droids are faster, more agile, and smarter than their battle-droid cousins, and clone troopers regard them with hard-earned respect. Fortunately for the Republic, Separatist officers have relatively few of these dangerous droids at their disposal and reserve them for missions that demand stealth and speed, such as the invasion of the listening post on the Rishi Moon.

COMMANDO DROID CAPTAIN

MODEL: BX-series
commando droid

HEIGHT: 1.91 m (6 ft 3 in)

ALLEGIANCE: Separatists

MANUFACTURER: Baktoid
Combat Automata

ABILITIES: Infiltration,
combat programming, agility,
leadership

Commando droid captains are distinguished from regular units by markings on their heads and chests. Some have augmented programming that gives them an advantage in tactics, improvisation, and leading other droids. Such improvements make commando-droid squads even more dangerous to clone troopers defending Republic worlds.

Midsection accordion armor offers flexibility

CRAB DROID

MODEL: LM-432 crab droid

LENGTH: 1.49 m (4 ft 11 in)

ALLEGIANCE: Separatists

MANUFACTURER: Techno
Union

ABILITIES: Combat
programming, agility, vacuum
pump/sprayer

Crab droids are fearsome opponents in muddy or swampy terrain, hiding in the muck and then scooting out to attack. Larger models exist but are relatively rare. Veteran clone troopers avoid crab droids' guns by jumping on top of their heads and firing down at them—but many are cut down before getting close enough to use this combat tactic.

OCTUPTARRA TRI-DROID

Tri-droids are terrifying combat units that stride across battlefields on three legs, raking enemies with fire. Some models can spray virus-laden gas at Republic positions. Octuptarras are eight-eyed creatures native to Skako, which these droids resemble. The massive magna tri-droid model is 15 meters (49 feet) high and poses an even tougher threat to clone troopers in battle.

MODEL: Octuptarra-series combat tri-droid
HEIGHT: 3.6 m (11 ft 10 in)
ALLEGIANCE: Separatists

MANUFACTURER: Techno Union
ABILITIES: Agility, combat programming, 360-degree vision

BUZZ DROID

MODEL: Pistoeka sabotage droid
HEIGHT: 0.25 m (10 in)
ALLEGIANCE: Separatists

MANUFACTURER: Colicoid Creation Nest
ABILITIES: Sabotage, magnetic grip

Buzz droids are tiny saboteurs encased in armored shells. They burst out of carrier missiles, seeking out nearby Republic ships and fighters and tearing into their hulls with drills, pincers, and saws. Anakin Skywalker tangles with buzz droids at Cato Neimoidia and later faces clouds of these vandals alongside Obi-Wan Kenobi above Coruscant. They can be knocked offline by a blow to their center eye.

D-WING AIR SECURITY DROID

Experimental D-wing droids defend the Techno Union's research labs on the planet Skako Minor. Fold-out wings make them agile fliers, and their arms have built-in blaster cannons. Anakin Skywalker and the Bad Batch must fight past D-wing squads to escape after rescuing a clone from Separatist captivity. They then fight D-wings sent to attack a Poletec village.

MODEL: D1-series aerial battle droid
HEIGHT: 2.06 m (6 ft 9 in)
ALLEGIANCE: Separatists

MANUFACTURER: Techno Union
ABILITIES: Combat programming, security, aerial maneuvers

SD-K4 ASSASSIN DROID

MODEL: SD-K4 assassin droid
HEIGHT: 1.21 m (4 ft)
ALLEGIANCE: Separatists

MANUFACTURER: Baktoid
Combat Automata
ABILITIES: Infiltration,
onboard mini-probes

Assassin probes are yet another fiendish design cooked up in the Techno Union's laboratories. These spiderlike droids are fast and powerful, concealing themselves and striking with legs like razors. They also carry mini-probes that creep out to overwhelm their targets if the mother unit is disabled.

MINI-ASSASSIN DROID

MODEL: SD-K4a
mini-assassin droid
WIDTH: 0.14 m (6 in)
ALLEGIANCE: Separatists

MANUFACTURER: Baktoid
Combat Automata
ABILITIES: Infiltration,
combat, agility

SD-K4a mini-probes ride in hatches aboard their mother units, deploying and scattering according to their programming or if the main droid is disarmed. While lacking the power of full-size probes, their speed lets them swarm opponents, closing in and then slashing away with their sharp legs in a nightmarish assault.

SEPARATIST PROBE DROID

MODEL: Ringneck recon droid
HEIGHT: 1 m (3 ft 3 in)
ALLEGIANCE: Separatists

MANUFACTURER: Arakyd Industries
ABILITIES: Reconnaissance,
infiltration, surveillance,
combat

Probe droids are used by both sides during the Clone Wars. They are typically designed for stealth, spying on enemies, and relaying data to commanders. Separatist probe droids come in a variety of sizes. One of the most feared is the Ringneck recon droid, which helps defend Lola Sayu.

THE DECIMATOR

MODEL: Prototype S/D
Decimator droid
HEIGHT: 0.35 m (1 ft 2 in)
ALLEGIANCE: Techno Union

MANUFACTURER: Baktoid
Innovations
ABILITIES: Detect organic
matter, destructive energy,
laser cutter

The Techno Union's research scientists constantly work on new droid designs to help the Separatists. On Skako Minor, Anakin Skywalker and the Bad Batch battle with the Decimator. This prototype droid hunts organic life and then fries it with energy bursts, cutting through doors and walls in pursuit of its prey.

AQUA DROID

MODEL: AQ-series battle droid

HEIGHT: 2.83 m (9 ft 3 in)

ALLEGIANCE: Separatists

MANUFACTURER: Haor Chall Engineering

ABILITIES: Heavy weapons, aggressive programming, aquatic maneuvering

The Techno Union adapts the B2 Super Battle Droid to create the Aqua Droid, a model made for underwater combat. Aqua Droids are more streamlined and agile than their burly cousins but no less aggressive or dangerous, as Republic troops discover on Mon Cala and Kamino.

MILLICREEP DROID

MODEL: Scutiger-100 stealth droid

LENGTH: 0.89 m (2 ft 11 in)

ALLEGIANCE: Umbarans

MANUFACTURER: Ghost Armaments

ABILITIES: Infiltration, electroshock

Umbaran scientists are renowned for creating advanced weapons, vehicles, and droids, which they are reluctant to reveal to outsiders. During the Republic invasion of Umbara, millicreep droids slip through the clones' lines, fatally shocking several troopers before being detected and destroyed.

DEMOLITION DROID

MODEL: Custom-modified intruder droid

HEIGHT: 2.83 m (9 ft 3 in)

ALLEGIANCE: Separatists

MANUFACTURER: LIN Demolitionmech

ABILITIES: Infiltration, combat, sabotage

These intruder droids have been modified by the Separatists for a mission to strike at the heart of the Republic. They appear to be common sweeper droids but emerge from their shells to reveal their true forms. Six destroy a key power hub, leaving parts of Coruscant in darkness.

RETAIL CAUCUS DROID

MODEL: LR-57 combat/retail droid

HEIGHT: 2.58 m (8 ft 6 in)

ALLEGIANCE: Retail Caucus

MANUFACTURER: Retail Caucus

ABILITIES: Sensors, blaster cannons

The commercial guild, known as the Retail Caucus, designed the LR-57 combat droid to defend its key facilities. The droids bury themselves and wait until their antennae detect intruders, then erupt from beneath the ground to ambush their enemies. Anakin and Ahsoka run into these deadly droids during the Battle of Christophsis.

TACTICAL DROID

BRAINY BATTLE DROID

Color schemes vary between units

MODEL: T-series military strategic analysis and tactics droid
HEIGHT: 1.93 m (6 ft 4 in)
ALLEGIANCE: Separatists

MANUFACTURER: Baktoid Combat Automata
ABILITIES: Armor, leadership, strategic programming

Tactical droids are smart mechanicals programmed to analyze battles, calculate odds, and adjust strategies in real time. They are often found aboard Droid Control Ships or surveying battlefields from mobile headquarters. From there, they give orders to B1 battle droids, which perform poorly when faced with situations not covered by their programming.

CRUNCHING THE NUMBERS

Tactical droids are extremely arrogant machines. They are confident in their calculations and are convinced that organic beings are too flawed to be trusted with the science of war. They often argue with Separatist commanders, insisting that their tactics are flawless and must be used in battle.

"I AM A DROID. I AM ALWAYS RIGHT."

– Tactical Droid TX-20

SUPER TACTICAL DROID

CEREBRAL COMMANDER

MODEL: ST-series military strategic analysis and tactics droid
HEIGHT: 1.94 m (6 ft 4 in)
ALLEGIANCE: Separatists

MANUFACTURER: Baktoid Combat Automata
ABILITIES: Armor, leadership, enhanced strategic programming, resistance to interrogation

Super tactical droids are enhanced versions of tactical droids that improve on their predecessors' shortcomings. They are better at analyzing tactics and predicting how organic commanders will respond to events. Super tactical droids develop personalities, and some units, such as Onderon's General Kalani, give themselves names instead of numbers.

"IT IS ONLY A MATTER OF TIME BEFORE THEY ARE ELIMINATED."

— General Kalani

RUTHLESS LEADERS

Super tactical droids are programmed to serve as generals and admirals in the Separatist war machine. They are ruthless and calculating but arrogant and overconfident like earlier tactical models.

CAD BANE

HUNTER FOR HIRE

Bane fights with custom Persuader blasters

SPECIES: Duros
HEIGHT: 1.85 m (6 ft 1 in)
ALLEGIANCE: None
HOMEWORLD: Duro

ABILITIES: Armed and unarmed combat, aerial combat, infiltration, tactics, starfighter piloting

Cad Bane is a merciless Duros bounty hunter, famed for his willingness to hunt down any fugitive or break into any stronghold, no matter how dangerous the job. All that matters to Bane is that the price is right, and given his reputation in the galactic underworld, he is able to charge top credit. Clients sometimes grumble at the cost, but if they want the best, they come to Bane.

"AS LONG AS I GET PAID, IT MAKES NO DIFFERENCE TO ME."

— Cad Bane

READY FOR ANYTHING

Bane's standard gear is tailored to a range of situations. Breathing tubes maintain his oxygen supply in non-oxygen atmospheres, and rocket boots help him match a Jedi's agility and speed. Bane respects the Jedi but thinks they're too quick to rely on the Force, which can make them careless in battle.

BOBA FETT

A LONELY LEGACY

SPECIES: Human (unaltered clone)

HEIGHT: 1.35 m (4 ft 5 in)

ALLEGIANCE: None

HOMEWORLD: Kamino

ABILITIES: Assassination, combat, leadership, military tactics, starship piloting

Boba is an unaltered clone of Jango Fett, who raised him on Kamino and introduced him to the bounty-hunting trade. Boba witnessed Jango's death on Geonosis at the hands of Mace Windu and vowed to take revenge. After that quest fails, he follows in his father's footsteps, putting together a crew and becoming a star bounty hunter despite his youth.

LEARNING THE ROPES

After Jango's death, Boba learns the art of bounty hunting from Aurra Sing, who also teaches him tough lessons in being ruthless. Older and harder, Boba then assembles his own Tatooine-based crew, leading a posse that includes Bossk, Dengar, C-21 Highsinger, Latts Razzi, and Asajj Ventress.

BOSSK

TRANDOSHAN WITH A TEMPER

Micro-grenade launcher packs a vicious punch

Bandolier holds pilots' flares for signaling

SPECIES: Trandoshan
HEIGHT: 1.9 m (6 ft 3 in)
ALLEGIANCE: None
HOMEWORLD: Trandosha

ABILITIES: Armed combat, tracking, infiltration, starship piloting, regeneration

Reptilian bounty hunter Bossk helps Boba Fett track down and target Jedi Master Mace Windu. The mission fails, but Bossk sees something in the young hunter, becoming his bodyguard in a Republic prison and a member of his crew. A gifted tracker, Bossk draws on his natural Trandoshan instincts to locate fugitives.

"YOU GOT A PROBLEM WITH BOBA, YOU GOT A PROBLEM WITH ME."

— Bossk

A HARDY HUNTER

Like all Trandoshans, Bossk can regenerate damage to his scaly body—even regrowing missing limbs. But regeneration is slow and painful, and a missing limb suggests that a Trandoshan hunter was defeated by their prey. Bossk would rather keep all of his arms and legs firmly attached.

AURRA SING

DEADLY HUNTER

SPECIES: Palliduvan

HEIGHT: 1.83 m (6 ft)

ALLEGIANCE: None

HOMEWORLD: Nar Shaddaa

ABILITIES: Expert sniper, armed and unarmed combat, assassination, infiltration, surveillance, starship piloting

Master assassin and sniper Aurra Sing is one of the galaxy's most merciless bounty hunters, and her name alone sows dread among her peers. She counts abductions, raids, and assassination attempts on politicians like Padmé Amidala as merely a fast route to a big paycheck. Aurra's list of underworld associates includes Hondo Ohnaka, Cad Bane, and Boba Fett.

AN EXPERT SNIPER

Aurra can hit targets from incredible distances using her Czerka Adventurer rifle. An antenna in her head connects to a built-in biocomputer that she uses to eavesdrop on conversations and monitor communications—giving her an early warning that authorities are closing in on her position.

"MY EMPLOYER WANTS TO GET EVEN WITH YOU. SIMPLE AS THAT."

— Aurra Sing

EMBO

SPECIES: Kyuzo

HEIGHT: 1.99 m (6 ft 6 in)

ALLEGIANCE: None

HOMEWORLD: Phatrong

ABILITIES: Armed and unarmed combat, infiltration, tracking, sharpshooting, agility

Embo is a hulking Kyuzo bounty hunter with a fearsome reputation as an expert tracker, sniper, and muscle for hire. He is known for his distinctive war helmet, which doubles as a boomerang-style weapon and a shield, and for his deadly pet, an anooba named Marrok.

Embo has no code beyond getting paid. He works alongside Anakin Skywalker as part of Sugi's crew on Felucia but later battles the Jedi in pursuit of Rush Clovis on Scipio. Near the end of the Clone Wars, he joins up with the mercenary crew led by young Boba Fett.

GREEDO

SPECIES: Rodian

HEIGHT: 1.74 m (5 ft 9 in)

ALLEGIANCE: None

HOMEWORLD: Tatooine

ABILITIES: Armed and unarmed combat, infrared vision, sense vibrations

Greedo dreams of making a name for himself as a bounty hunter despite seemingly endless bad luck and a reputation for being careless and irresponsible. Ignoring evidence that he should pursue a different line of work, he remains on Tatooine hoping for his big break.

Greedo usually works for Jabba the Hutt but agrees to kidnap Baron Papanoida's daughters for the Trade Federation. As usual, things go wrong for Greedo: Papanoida traces him to Tatooine; an angry Jabba insists he produce the missing girls, and he barely survives a cantina shootout.

SUGI

SPECIES: Zabrak
HEIGHT: 1.82 m (6 ft)
ALLEGIANCE: None
HOMEWORLD: Iridonia

ABILITIES: Armed and unarmed combat, infiltration, tracking, starship piloting, leadership

Sugi is a Zabrak bounty hunter who signs on with her crew—Embo, Seripas, and Rumi Paramita—to protect a Felucian farm village from Hondo Ohnaka's pirates. She's a rare example of an honorable mercenary: when Hondo tries to bribe her into moving on, Sugi refuses, keeping her word to the villagers.

Sugi's crew decides to join forces with Anakin Skywalker's party of Jedi and drives Hondo's gang away. Later, she is hired by Kashyyyk's Chieftain Tarful to rescue Chewbacca from the moon Wasskah and provides security for the Grand Hutt Council.

DENGAR

SPECIES: Human
HEIGHT: 1.87 m (6 ft 2 in)
ALLEGIANCE: None
HOMEWORLD: Corellia

ABILITIES: Armed and unarmed combat, infiltration

Dengar was a gladiator on Corellia before becoming a bounty hunter and is known for his white-and-brown turban and his pitted battle armor. He rushes into battle with a joy that makes veteran mercenaries wonder about his life expectancy.

Dengar is part of Boba Fett's crew when the young hunter agrees to protect a subtram on Quarzite. He's assigned to guard the rear of the tram with Asajj Ventress, who proves immune to his attempts at charm in the brief period before Kage warriors attack.

LATTS RAZZI

Form-fitting gear allows freedom of movement

SPECIES: Frenk
HEIGHT: 2.15 m (7 ft 1 in)
ALLEGIANCE: None
HOMEWORLD: Gorobei

ABILITIES: Armed and unarmed combat, sharpshooting, infiltration, tracking

Rumi Paramita is an expert sniper who signs on with Sugi to protect farmers in the village of Akira on Felucia. She fires at Hondo Ohnaka's pirates as they attack, but Rumi is killed by a blast from Hondo's tank—a fatal shot fired by a Kowakian monkey-lizard, of all things. It's a sad end for a skilled hunter.

C-21 HIGHSINGER

MODEL: Heavily modified combat droid
HEIGHT: 2.25 m (7 ft 5 in)
ALLEGIANCE: None

MANUFACTURER: Unknown
ABILITIES: Armed and unarmed combat, martial arts, agility, tracking

C-21 Highsinger is a highly modified droid of uncertain origin. What no one doubts is that Highsinger is a terrifyingly efficient combat machine with superhuman reflexes and speed. He values his independence but agrees to work with Boba Fett's crew on several occasions, providing firepower for missions on Quarzite and Serenno.

SPECIES: Clawdite
HEIGHT: 1.79 m (5 ft 10 in)
ALLEGIANCE: None
HOMEWORLD: Zolan

ABILITIES: Shape-shifting, infiltration, surveillance, armed and unarmed combat, agility, data slicing

Cad Bane hires Cato Parasitti to infiltrate the Jedi Temple on Coruscant as part of his plan to steal a Holocron from the Order's vaults. The Clawdite shape-shifter assumes the form of the murdered Jedi Master Ord Enisence and then archivist Jocasta Nu. Ahsoka Tano discovers the ruse and Parasitti is captured, but Bane manages to get away with his prize.

CASTAS

SPECIES: Klatooinian
HEIGHT: 1.99 m (6 ft 6 in)
ALLEGIANCE: None
HOMEWORLD: Klatooine

ABILITIES: Armed and unarmed combat, intimidation

Castas is a beefy Klatooinian mercenary who is hired with Aurra Sing and Bossk to help Boba Fett take revenge against Mace Windu. But Castas soon tires of obeying orders and decides taking on the Republic Navy is far too risky. He decides to go his own way when the crew reaches Florrum, but Sing catches him in the act of selling her out and guns him down.

SERIPAS

Coverall also available in small size

SPECIES: Ssori
HEIGHT: 0.74 m (2 ft 5 in)
ALLEGIANCE: None
HOMEWORLD: Ssori Fragments

ABILITIES: Armed and unarmed combat, powered exoskeleton

Bounty hunter Seripas appears as a massive figure in heavy armor, striding across Felucia's nysillim fields as part of Sugi's crew. But Ahsoka Tano soon discovers this mercenary isn't what she perceives: the imposing armor is really a powered exoskeleton driven by a smaller being. When Seripas' armor proves too bulky, he sheds it and fights as his true self.

TODO 360

MODEL: Unknown
HEIGHT: 0.66 m (2 ft 2 in)
ALLEGIANCE: None

MANUFACTURER: Vertseth Automata
ABILITIES: Infiltration, maintenance

Todo 360 assists Cad Bane and Cato Parasitti in stealing a Holocron from the Jedi Temple, posing as a maintenance droid and disabling the security systems. He is torn apart by a bomb Bane put inside him as a fail-safe but rebuilt in time to help Bane free Ziro the Hutt from Republic captivity.

ALLEGIANCE: None
HOMEWORLD: Ithor

ABILITIES: Armed combat, tracking

Bulduga works with his brother Onca and is known for his quick draw with a blaster. He agrees to prove himself in the Box, but his fedora catches the eye of Cad Bane, who admires the headgear. Bulduga tries to draw his weapon on Bane but proves too slow and so loses not only his hat but also his life.

HONDO OHNAKA

SCOURGE OF THE SPACEWAYS

Pigtails are high fashion for pirates

SPECIES: Weequay
HEIGHT: 1.85 m (6 ft 1 in)
ALLEGIANCE: Neutral
HOMEWORLD: Sriluur

ABILITIES: Combat, leadership, striking business deals, persuasion, thinking and talking fast

Hondo Ohnaka makes a dishonest living smuggling, stealing, and kidnapping across the Outer Rim. A charming rogue, he's always friendly and cheerful, delighted to see old friends and foes again—and just as happy to rob them blind if given the chance. As Hondo sees it, it's a tough Galaxy, so you should live for today and not worry too much about tomorrow.

"YOU KNOW WHAT I ALWAYS SAY: SPEAK SOFTLY AND DRIVE A BIG TANK."

— Hondo Ohnaka

FRIENDS, ENEMIES, AND IN BETWEEN

Hondo crosses paths with Obi-Wan Kenobi, Anakin Skywalker, and Ahsoka Tano as both friends and foes. He also attracts the wrath of Maul, Count Dooku, and General Grievous. Such perilous situations threaten not just his profits but also his life, the only thing Hondo values more than a big payday.

JABBA THE HUTT

GALACTIC GANGSTER

SPECIES: Hutt

HEIGHT: 1.95 m (6 ft 5 in)

ALLEGIANCE: Hutt clans

HOMEWORLD: Nal Hutta

ABILITIES: Leadership, intimidation, business acumen, political influence

Jabba the Hutt rules over his criminal empire from a desert fortress on Tatooine. He controls strategic Outer Rim trade routes and builds a web of unsavory businesses, from spice to slaves. Jabba sees other beings as nothing more than sources of profit. He respects strength and daring over goodness and honesty, making and breaking deals for his own benefit.

PULLED INTO WAR

Jabba is drawn into the Clone Wars when the Separatists kidnap his infant son, Rotta, and frame the Republic for the crime. Later, Maul's troops storm Jabba's palace and force him to become part of the Shadow Collective. Jabba agrees and bides his time—certain Maul will go too far and fall as quickly as he rose.

"OH HO HO HO."

— Jabba the Hutt

Sneer of displeasure

Thick, muscular body contains no skeleton

ZIRO THE HUTT

SPECIES: Hutt

HEIGHT: 3.9 m (12 ft 10 in)

ALLEGIANCE: None

HOMEWORLD: Coruscant

ABILITIES: Persuasion, intimidation, leadership

Ziro the Hutt is Jabba's uncle and the leader of a criminal syndicate on Coruscant. He conspires with Count Dooku to kidnap Jabba's son Rotta, a plot that lands Ziro in a Republic prison. The Hutt Council hires Cad Bane to free Ziro and jails him on Nal Hutta. He escapes but is killed by an old flame, Sy Snootles, on Jabba's orders.

GORGA THE HUTT

SPECIES: Hutt

HEIGHT: 3.6 m (11 ft 10 in)

ALLEGIANCE: Hutt clans

HOMEWORLD: Nal Hutta

ABILITIES: Persuasion, negotiations, accounting

Gorga the Hutt is Jabba's nephew and serves as the Hutt Council's accountant. He ensures the clans' criminal enterprises keep their coffers full of credits. Gorga wears a monocle and headset that can access Hutt datafeeds, allowing him to keep track of important business during the clans' lengthy meetings and parties.

ROTTA THE HUTTLET

SPECIES: Hutt

HEIGHT: 0.43 m (1 ft 5 in)

ALLEGIANCE: Hutt clans

HOMEWORLD: Tatooine

ABILITIES: Family connections

Rotta the Huttlet is Jabba's baby son and a pawn in the Clone Wars. When Asajj Ventress kidnaps him from Tatooine on Count Dooku's orders, Dooku blames the crime on the Republic. Anakin Skywalker and Ahsoka Tano rescue Rotta on Teth and risk their lives to return him to Jabba.

GARDULLA THE HUTT

SPECIES: Hutt

HEIGHT: 3.7 m (12 ft 2 in)

ALLEGIANCE: Hutt clans

HOMEWORLD: Nal Hutta

ABILITIES: Persuasion, intimidation, leadership

Gardulla the Hutt is a crime lord who sits on the Hutt Council. She has palaces on Nal Hutta and Tatooine and enslaved Shmi and Anakin Skywalker until she lost them to junk dealer Watto in a wager. Ziro the Hutt is imprisoned in Gardulla's Nal Hutta palace until Sy Snootles breaks him out of jail.

MAMA THE HUTT

SPECIES: Hutt

HEIGHT: 3.61 m (11 ft 10 in)

ALLEGIANCE: None

HOMEWORLD: Nal Hutta

ABILITIES: Persuasion,
intimidation

Mama the Hutt is a clan matriarch related to many Hutt crime lords. She dwells in her house in Nal Hutta's swamps, carefully tending to the needs of her menagerie of Sha'rellian toops and shooing away nosy bounty hunters, arrogant Jedi, and needy relatives.

AROK THE HUTT

SPECIES: Hutt

HEIGHT: 2.09 m (6 ft 10 in)

ALLEGIANCE: Hutt clans

HOMEWORLD: A-Foroon

ABILITIES: Persuasion,
intimidation, leadership

Arok the Hutt leads one of the Five Hutt Families and sits on the Hutt Council. His many bad habits include enjoying smelly Sakiyan cheroots, to the annoyance of his fellow Hutts. After Maul and Death Watch storm the council chambers, Arok reluctantly agrees to join Maul's new Shadow Collective.

MARLO THE HUTT

SPECIES: Hutt

HEIGHT: 2.29 m (7 ft 6 in)

ALLEGIANCE: Hutt clans

HOMEWORLD: Nal Hutta

ABILITIES: Persuasion,
intimidation, leadership

Marlo the Hutt is a member of the Hutt Council and a high-ranking clan leader in the Five Hutt Families. He wears a Sha'rellian toop atop his head, pampering the creature to ensure his grooming is impeccable. He agrees to join Maul's Shadow Collective after the former Sith makes an offer the Hutts can't refuse.

ORUBA THE HUTT

SPECIES: Hutt

HEIGHT: 2.02 m (6 ft 8 in)

ALLEGIANCE: Hutt clans

HOMEWORLD: Nal Hutta

ABILITIES: Persuasion,
intimidation, leadership

Oruba the Hutt is one of the Council's most respected Hutts, held in high esteem for his wisdom and ruthlessness. He wears a jaunty hat and wrap to protect his skin, which is pigment-free due to a genetic mutation. Savage Opress executes Oruba when Maul and Death Watch invade the Hutt council chamber.

PILF MUKMUK

SPECIES: Kowakian
monkey-lizard
HEIGHT: 0.58 m (1 ft 11 in)
ALLEGIANCE: Hondo
Ohnaka's gang

HOMEWORLD: Florrum
ABILITIES: Infiltration,
theft, mimicry

Pilf Mukmuk is Hondo Ohnaka's prized pet, a cackling mascot who can be found wandering around Florrum's pirate base getting into trouble. After Count Dooku is captured on Vanqor, Pilf rummages through his pockets, taking the Sith Lord's priceless lightsaber. Pilf has a yellow-pigmented brother known as Pikk, who is an expert spy and sneak.

GWARM

SPECIES: Weequay
HEIGHT: 1.92 m (6 ft 4 in)
ALLEGIANCE: Hondo
Ohnaka's gang

HOMEWORLD: Florrum
ABILITIES: Combat,
sharpshooting, intimidation

Gwarm is one of Hondo Ohnaka's lieutenants, a swaggering pirate with no principles beyond the idea that might makes right. He lucks into a big score on Felucia, alerting Hondo that the planet's farmers grow valuable nysillim. That scheme ends badly for the pirates, but Gwarm is by Hondo's side when his gang invades a Jedi training ship in the hopes of stealing its cargo of kyber crystals.

R5-P8

MODEL: R-series

HEIGHT: 1.25 m (4 ft 1 in)
ALLEGIANCE: Hondo
Ohnaka's gang

MANUFACTURER:
Industrial Automaton
ABILITIES: Starship
maintenance, information
retrieval, repairs, starfighter
piloting, security

R5-P8 acts as a guard for Hondo Ohnaka's pirate gang, thanks to a blaster that's been wired into his logic module. This isn't exactly what he was programmed to do, but poor R-5 does his best to obey orders. Any droids the gang considers expendable often wind up being used for target practice, a fate the poor astromech would like to avoid.

HEIGHT: 1.92 m (6 ft 4 in)
ALLEGIANCE: Himself
HOMEWORLD: Florrum

ABILITIES: Combat, swoop
piloting, scheming

Turk Falso is one of Hondo Ohnaka's lieutenants but dislikes taking the pirate chief's orders and daydreams about being his own boss. When the Republic sends a shipment of spice as ransom for Count Dooku, Turk decides to steal it and strike out on his own. His plan falls apart when Jar Jar Binks and a squad of clone troopers attack the base. Dooku then escapes, killing Falso.

PARSEL

SPECIES: Weequay
HEIGHT: 1.89 m (6 ft 2 in)
ALLEGIANCE: Hondo
Ohnaka's gang

HOMEWORLD: Florrum
ABILITIES: Starship piloting,
combat, intimidation

Parsel is a hulking Weequay who serves Hondo Ohnaka as both a brawler and a starship pilot. He betrays Hondo to join Maul and Savage Opress, hoping to improve his fortunes with a more powerful gang. Parsel soon realizes he's made a mistake and switches sides again, helping drive the Zabrak brothers away. Hondo forgives him: what does one expect from pirates, anyway?

SPECIES: Falleen

HEIGHT: 1.95 m (6 ft 5 in)

ALLEGIANCE: Black Sun, Shadow Collective

HOMEWORLD: Falleen

ABILITIES: Armed and unarmed combat, martial arts, leadership, negotiation, intimidation

Ziton Moj is a brawny enforcer for the Black Sun crime syndicate. He serves the group's leaders as Captain of the Guard on Mustafar. While he enjoys cracking skulls in a good fight, he's also wise enough to know which battles he can't win. When Maul and Savage Opress do away with Black Sun's leaders, Moj swiftly switches sides, joining Maul's new Shadow Collective as a key lieutenant.

"AFTER CAREFUL CONSIDERATION, WE WILL JOIN YOU."

– Ziton Moj

LOFTY AMBITIONS

Moj serves Maul well as Black Sun's new leader, fighting alongside him as the Shadow Collective takes over Mandalore. After Maul's defeat at the hands of Darth Sidious, Moj returns to Mustafar and seeks to increase Black Sun's influence by forcing the Pykes to join him in creating a new criminal empire.

SPICE KINGPIN

SPECIES: Pyke

HEIGHT: 1.91 m (6 ft 3 in)

ALLEGIANCE: Pyke Syndicate,
Shadow Collective

HOMEWORLD: Oba Diah

ABILITIES: Leadership,
negotiation

Lom Pyke leads the Pyke Syndicate, a criminal gang that controls the galaxy's illegal and dangerous trade in spice. Lom rules his empire from a shadowy den on Oba Diah, where he meets with smugglers, crooked officials, and other crime bosses. He freely joins Maul's Shadow Collective in the hope of gaining power and profits.

OLD SECRETS

Years ago at Darth Tyranus' request, the Pykes killed Jedi Sifo-Dyas, but they imprisoned the Jedi's companion, Silman, in case they need to blackmail the Sith. Near the end of the Clone Wars, the Jedi investigate Sifo-Dyas' demise, and Lom confesses the Pykes' role, seeking a pardon. Tyranus kills the traitor.

"YOU HAVE NO BUSINESS LEFT WITH THE PYKES, TYRANUS."

ALLEGIANCE: Separatists
HOMEWORLD: Scipio

ABILITIES: Legislative knowledge, political skills, leadership, charm

Rush Clovis represents Scipio in the Senate while playing a key role in the InterGalactic Banking Clan, which lends credits to both the Republic and Separatists. He conspires with the Separatists early in the war, then becomes the Banking Clan's leader and tries to restore its independence. But others seek to control the group, and their schemes endanger both its future and Clovis' life.

"YOU DON'T UNDERSTAND! YOU'VE ALL BEEN DECEIVED!"

– Rush Clovis

A PAWN OF DOOKU

Clovis' Separatist ties ruin his reputation, but he makes an unlikely comeback, rising to head of the Banking Clan. He genuinely hopes to restore the group's neutrality but becomes a pawn in a plot to give Palpatine control of the banks. Clovis dies in the battle for Scipio.

MIRAJ SCINTEL

ZYGERRIAN QUEEN

SPECIES: Zygerrian

HEIGHT: 1.85 m (6 ft 1 in)

ALLEGIANCE: Separatists

HOMEWORLD: Zygerria

ABILITIES: Leadership, charm

Miraj Scintel is queen of Zygerria, an ancient slave empire revived by a new alliance with the Separatists. When Anakin Skywalker leads an undercover mission to free enslaved Togruta from Zygerria, Scintel takes an interest in the Jedi. She tries to seduce him while devising a cruel test of his loyalty.

ORDERS FROM THE COUNT

After Anakin reveals his true allegiance, Scintel captures him but remains intrigued by him. She refuses Count Dooku's demand that she kill her prized prisoner, telling him she won't be ordered about in her own palace. Dooku strangles Scintel with the Force, and she dies in Anakin's arms.

"THE JEDI ORDER IS WEAK—AND WE WILL HELP BREAK IT."

DUCHESS SATINE KRYZE

PASSIONATE PACIFIST

Duchess Satine Kryze is a passionate voice for peace in the galaxy. As Mandalore's leader, she has stayed neutral in the Clone Wars. Satine rejects her homeworld's violent past and works to create a prosperous and peaceful future. It's a vision her enemies will do anything to prevent.

AN OLD BOND

Years ago, Obi-Wan Kenobi and his master Qui-Gon Jinn kept Satine safe during violent upheavals on Mandalore. The noblewoman and the Padawan fell in love. Obi-Wan would have left the Jedi Order if Satine had asked, but she

Death Watch, an underground group of commandos seeking to overthrow Satine and restore Mandalore's traditions. Both Kryzes want what's best for their world but disagree completely on what that means.

FIGHT FOR THE FUTURE

Satine foils a Separatist plot to trick the Republic into invading Mandalore, outfoxes traitors close to her, and escapes several assassination attempts. But her luck runs out when Death Watch's leader, Pre Vizsla, allies himself with Maul, concocting a phony invasion in which Death Watch appear as heroes. Vizsla overthrows Satine and imprisons her. Bo-Katan frees her sister with Obi-Wan's help, but Satine's freedom is brief. As Obi-Wan watches in horror, Maul strikes the Duchess down, ending her life.

PRE VIZSLA

DEATH WATCH LEADER

As governor of Concordia, one of Mandalore's moons, Pre Vizsla helps Duchess Satine Kryze hunt down the Mandalorian commandos known as Death Watch. But Vizsla is secretly Death Watch's leader and Satine's enemy. He is determined to restore Mandalore's warrior heritage, and his obsessive quest to achieve this goal costs him his life.

RECLAIMING THE PAST

Pre Vizsla rises to power as the governor of Concordia. He appears to support Satine and her goals, but he secretly plots with Count Dooku to take over Mandalore. Their plan is to provoke a Republic invasion that will make Death Watch's commandos look like heroic resisters, inspiring Mandalorians to reject Satine's philosophy of pacifism and

neutrality. When the plot fails, Vizsla angrily confronts Dooku, who scars Vizsla's face with his lightsaber.

Increasingly bitter, Vizsla vows revenge on Dooku and searches for new allies to help him achieve his dream. He seeks out Lux Bonteri, who wants to avenge the death of his mother at Dooku's hands. But on Carlac, Ahsoka Tano helps Lux realize that Vizsla has gone mad and Death Watch has become little more than a criminal gang, spreading violence and terror.

PERILOUS ALLIANCE

Vizsla later pledges allegiance to Maul, with Death Watch commandos serving as shock troops in Maul's Shadow Collective crime syndicate. Vizsla and Maul stage a phony invasion of Mandalore that Death Watch repels. Hailed as a hero, Vizsla overthrows Satine but betrays Maul, who challenges him to a duel for leadership of Death Watch. Vizsla fights well but is struck down by his former ally.

MANDALORIAN TRAITOR

Mandalorian armor gilded to reflect rank

SPECIES: Human
HEIGHT: 1.89 m (6 ft 2 in)
ALLEGIANCE: Shadow Collective

HOMEWORLD: Mandalore
ABILITIES: Diplomacy, political skills

Prime Minister Almec pledges loyalty to Duchess Satine Kryze but secretly works to undermine her. He gains his riches by smuggling black-market goods despite the harm it does to Mandalorians. Maul frees Almec from prison and installs him as a puppet leader while ruling from the shadows. Almec, a cunning political survivor, vows to restore the warrior traditions of the Mandalorians.

A NEW CIVIL WAR

Almec's ascent sparks a new civil war on Mandalore with Bo-Katan Kryze leading former Death Watch commandos and Republic forces against Mandalorians loyal to Maul. Almec is captured by Bo-Katan and is killed by Gar Saxon to prevent him from revealing Maul's plans against the Jedi.

ALLEGIANCE: Republic
HOMEWORLD: Aleen

ABILITIES: Leadership, diplomacy, persuasion

Manchucho is the king of Aleen and welcomes Jedi Plo Koon's clone forces to his planet after it is devastated by earthquakes. With C-3PO serving as translator, he asks the Republic to send aid to the Aleena. The king knows of Aleen's underground inhabitants and seeks to live in peace with them.

RAFA MARTEZ

CORUSCANT SURVIVOR

Hair cut in fashion popular in underlevels

Coat stolen from careless customer at laundry

SPECIES: Human
HEIGHT: 1.68 m (5 ft 6 in)
ALLEGIANCE: Neutral
HOMEWORLD: Coruscant

ABILITIES: Armed and unarmed combat, negotiations, deal-making, repairs, laundry

Rafa Martez owns a repair hangar and a laundry in Coruscant's dangerous lower levels, but both businesses are fronts: she makes her living by doing illegal jobs for clients who don't ask too many questions. Rafa is devoted to her younger sister Trace, whom she's raised since their parents died. Rafa has tried to teach the kind-hearted Trace to beware of anyone who isn't family.

"SHE'S NOT FAMILY, TRACE. REMEMBER THAT."

— Rafa Martez

DANGEROUS SCHEME

Rafa tries to change the siblings' fortunes by agreeing to run spice for the Pyke Syndicate. She is forced to bring Trace into her scheme when the pilot she contracted backs out of the deal. Rafa soon finds she's in over her head trying to negotiate with the ruthless Pykes and their hired thugs.

TRACE MARTEZ

PILOT WITH BIG DREAMS

SPECIES: Human
HEIGHT: 1.66 m (5 ft 5 in)
ALLEGIANCE: Neutral
HOMEWORLD: Coruscant

ABILITIES: Starship piloting,
armed and unarmed combat,
repairs

Trace Martez dreams of escaping the depths of Coruscant and seeing the galaxy in her ship, the *Silver Angel*. Despite her sister Rafa's warnings not to trust outsiders, she instinctively helps Ahsoka Tano when the former Jedi crashes into her repair shop. But Trace's instincts to do the right thing lead her into trouble on a mission to Kessel.

ESCAPING THE PAST

When Trace discovers Rafa has filled the *Silver Angel* with spice, she impulsively drops the cargo for fear of losing her ship. But this causes bigger problems for the sisters, who now owe a massive debt to some of the most ruthless gangsters in the galactic underworld.

"I'VE GOT ONE OF THE FASTEST SHIPS AROUND."

— Trace Martez

Jacket protects against chill of the underlevels

Multitool used for repairing machinery

SPECIES: Angels of Iego

HEIGHT: 2.35 m (7 ft 9 in)

ALLEGIANCE: None

HOMEWORLD: Millius Prime

ABILITIES: Flight

The Angels of Iego are rumored to be the most beautiful beings in the galaxy but are believed to be simply legend. However, there is truth behind the story: the Angels lived on the moon Millius Prime until their home was stolen from them by Separatist invaders.

JAYBO HOOD

SPECIES: Human
HEIGHT: 1.4 m (4 ft 7 in)
ALLEGIANCE: None
HOMEWORLD: lego

ABILITIES: Droid repair, tinkering, data-slicing, droid programming

Jaybo Hood lives like a king on lego, waited on by reprogrammed battle droids. He believes in the Curse of Drol but agrees to help Anakin Skywalker and Obi-Wan Kenobi try and escape lego. With help from Jaybo's reprogrammed vulture droids, the Jedi destroy the laser net behind the "curse."

CHIEFTAIN PIETER

SPECIES: Human
HEIGHT: 1.72 m (5 ft 8 in)
ALLEGIANCE: Ming Po

HOMEWORLD: Carlac
ABILITIES: Leadership

Pieter is the chieftain of a Ming Po community on the snowy, beautiful planet Carlac. He tries to keep the peace when Death Watch establishes a base near his town, but the raiders kidnap people and force them into servitude. Pieter demands that Death Watch return the captives and leave, but his brave stand leads to tragic results for the people he tries to protect.

TRYLA

SPECIES: Human
HEIGHT: 1.7 m (5 ft 7 in)
ALLEGIANCE: Ming Po

HOMEWORLD: Carlac
ABILITIES: Survival, patience

Tryla is Chieftain Pieter's granddaughter and one of the Ming Po captured by Death Watch and forced to serve the invaders. Pre Vizsla, Death Watch's leader, frees Tryla as Pieter demands. However, this seemingly decent act is a cruel ruse: Vizsla kills the innocent girl, and his raiders burn the town.

BATTLE DROID 513

MODEL: Custom droid
HEIGHT: 3.39 m (11 ft 1 in)
ALLEGIANCE: None
HOMEWORLD: Custom

ABILITIES: Unarmed combat, military tactics, leadership

Death Watch assembled battle droid 513 from spare parts and used it as target practice while on Carlac. After R2-D2 repairs 513, it agrees to lead a droid uprising against its cruel Death Watch masters.

LETTA TURMOND

SPECIES: Human
HEIGHT: 1.8 m (5 ft 11 in)
ALLEGIANCE: Neutral
HOMEWORLD: Coruscant

ABILITIES: Sabotage, activism

Letta Turmond believes the Jedi have become warmongers and takes a radical step to stop them: she feeds her husband nano-droids, turning him into a living bomb that rips through the Jedi Temple. She is arrested but killed in jail by Barriss Offee, who manipulated Turmond into committing the atrocious Temple bombing.

SPECIES: Twi'lek
HEIGHT: 1.9 m (6 ft 3 in)
ALLEGIANCE: Neutral
HOMEWORLD: Kessel

ABILITIES: Bureaucracy, smuggling, persuasion, negotiations

Kinash Lock serves Kessel's King Yaruba as majordomo and supervises trade, which gives him the chance to strike deals with smugglers in the king's name. Lock hires the Martez sisters, a pair of new smugglers, to deliver spice to Oba Diah and the Pykes, a dangerous assignment demanding experience they both lack.

QUEEN JULIA

SPECIES: Bardottan
HEIGHT: 2.3 m (7 ft 7 in)
ALLEGIANCE: Neutral
HOMEWORLD: Bardotta

ABILITIES: Leadership, diplomacy

Queen Julia rules Bardotta, which is threatened by an ancient prophecy. She appeals to her old friend Jar Jar Binks for help, and he arrives with Jedi Master Mace Windu. When cultists kidnap Julia and Windu, Jar Jar tracks them to Zardossa Stix and foils the group's plan to sacrifice the queen.

FRANGAWL CULT

SPECIES: Bardottan
HEIGHT: Varies
ALLEGIANCE: Malmourral
HOMEWORLD: Bardotta

ABILITIES: Armed and unarmed combat, infiltration, kidnapping, sorcery

The Frangawl Cult ruled the planet Bardotta in its early history and worships Malmourral, the Bardottan god of death. The group begins kidnapping Dagoyan Masters to bring about an ancient prophecy, leading Queen Julia to appeal to Jar Jar Binks for assistance.

SPECIES: Human
HEIGHT: 2.03 m (6 ft 8 in)
ALLEGIANCE: Sith
HOMEWORLD: Tatooine

ABILITIES: Force sensitivity, lightsaber combat, dark-side powers, agility, leadership, intimidation

When Jedi Knight Anakin Skywalker falls to the dark side, he pledges himself to the Sith, assuming the name Darth Vader. He is then tasked with wiping out the Jedi on Coruscant and the surviving Separatist leaders on Mustafar. After destroying this opposition, Vader is nearly killed dueling Obi-Wan Kenobi and forced to don black armor to preserve his life. As far as the galaxy knows, Anakin died at the end of the Clone Wars. Vader is known as the Emperor's fearsome enforcer, and his origins are cloaked in secrecy.

"NO! NO! I WILL DO SUCH TERRIBLE THINGS..."

— Anakin Skywalker

GHOSTS OF THE PAST

Vader ponders a curious puzzle: someone has turned a Republic warship's wreckage into a memorial for fallen clones, and a familiar lightsaber lies abandoned in the snow. The man who was once Anakin Skywalker stands in silence, surrounded by memories of his former Padawan and echoes in the Force.

STORMTROOPER

When the Republic becomes the Empire, it remains a massive war machine with Star Destroyers and armies as symbols of Emperor Palpatine's might. Over time, clone troopers give way to stormtroopers, who aren't clones but recruits. While these new soldiers may lack inhibitor chips, indoctrination makes them as obedient as their clone predecessors.

SPECIES: Human

HEIGHT: Varies

ALLEGIANCE: Galactic Empire

HOMEWORLD: Varies

ABILITIES: Combat, military tactics, reconnaissance, security

SNOWTROOPER

Like clone troopers, stormtroopers are trained for specialized roles and are given unique gear optimized for a variety of environments. Imperial snowtroopers depend on breathing hoods, insulated body gloves, and suit systems to keep warm. The Imperial squad accompanying Vader to the *Tribunal's* crash-site includes snowtroopers.
